AMENDMENT

Administrative Order PC-202

Gentlemen:

Reference is made to your application dated October 30, 1968, wherein you request authority to include Blinebry condensate production in the commingling installation presently operated pursuant to the authority of Administrative Order PC-202. It is our understanding that Tubb oil, Paddock oil, and Drinkard oil are now being commingled under authority of that order.

Administrative Order PC-202 is hereby amended to authorize the commingling of Tubb oil, Paddock oil, and Drinkard oil and Blinebry condensate production on your J. L. Greenwood Lease comprising all of the S/2 of Section 9, Township 22 South, Range 37 East, Lea County, New Mexico, allocating the production on the basis of periodic well tests. Provided, however, that you shall notify the Commission at such time as any well in any of the aforesaid pools is capable of top allowable production.

Very truly yours,
