AMENDMENT

Gentlemen:

P
Reference is made to your letter dated February 26, 1968, wherein you request that Administrative Order PC-207 be amended to delete the requirement for metering the Drinkard production in the commingling installation.

Y
Inasmuch as all production going into this commingled tank battery is of marginal nature, you are hereby authorized to commingle said production allocating same to each of the two pools on the basis of quarterly well tests, provided however, that you shall notify the Commission at such time as any well in either pool is capable of top allowable production.

Very truly yours,

A. L. PORTER, Jr.
