Federal Lease NM-32410 and NM-56745

Gentlemen:

Your request to **surface commingle** Corbin Wolfcamp, South oil production from the well No. 1-Shinnery Federal on Federal lease NM-32410 with Corbin Delaware, West oil production from well No. 5-Shinnery Federal on Federal lease NM-56745 at the well No. 5 tank battery located in the SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 13, on Federal lease NM-56745 is hereby approved.

As stated in your application, production allocation will be made based on well tests. Also, it is our understanding that commingling is based on economics and will not result in reduced royalty.

Please contact Shannon Shaw or Adam Salameh at (505) 887-6544, or at the letterhead address if any further information is required.

Sincerely,
