Dear Mr. Sanders:

The New Mexico Oil Conservation Division has notified this office that Phillips Petroleum Company has requested approval to commingle Maljamar Grayburg-San Andres and undesignated Queen Pool production from the above-captioned wells into a common tank battery.

Since this application involves state trust lands, this application must also be approved by the State Land Office pursuant to State Land Office Rule Nos. 1.053-1.055.

The filing fee for a commingling application is \$30.00.

Enclosed is a commingling pre-application form.

If you have any questions, or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,
