Re: Commingling of production from State of New Mexico  
Oil and Gas Leases OG-5095, OG-5699, K-864 and  
K-4564 all located on Section 4, T-14S, R-34E, Lea  
County, New Mexico.

Attn: Mr. O. V. Sivage

Gentlemen:

The State Land Office has no objection to your above request, so therefore we give our approval with the following restrictions:

1. We need a periodic report on each well at least monthly.
2. This is subject to approval by the Oil Conservation Commission.
3. The Commissioner of Public Lands can withdraw his approval at any time that the operation is not profitable to the State of New Mexico.

Thank you for all the pertinent information and the \$10.00 filing fee.

Yours very truly,

GUYTON B. HAYS  
Commissioner of Public Lands

Attention: Mr. R. E. Winckler

Gentlemen:

As provided in Rule 309-B, Rules & Regulations, Oil Conservation Commission, State of New Mexico you are hereby notified of an application for administrative approval permitting The Superior Oil Company to commingle in common surface facilities oil produced from the State "D" #1, State "K" #1 and State "M" COM #1 after production from each individual completion has been accurately measured.

A vapor recovery unit will be installed at the consolidated tank battery which will yield additional revenue that would otherwise be lost if separate tank batteries were used.

A complete copy of the application and related information is attached. Included is a schematic of measuring and storage facilities which conform to the standards required by the Commission of Public Lands and as stipulated by the Manual For The Installation and Operation of Commingling Facilities published by the Oil Conservation Commission, September 13, 1961.

Yours very truly,

THE SUPERIOR OIL COMPANY
