**Re: Application for Non-Standard Location for
Texakoma Oil & Gas Corporation
Farmington Lake #1, 856' FSL 591' FWL
M-21-30N-12W, Basin Fruitland Coal(Gas) Pool**

Dear Ms. Wrotenbery:

The approval of the location of the Texakoma Oil & Gas Corporation Farmington Lake #1 well located 856 feet from the South line and 591 feet from the West line of section 21, Township 30 North, Range 12 West, is hereby requested in the Basin Fruitland Coal (Gas) Pool because of topographical reasons..

The legal location would be in a City of Farmington recreational area adjacent to the Farmington Lake (Beeline Reservoir on the plat). The legal locations would be in the drainage to the lake, under a power line or over natural gas pipelines.

An attached plat shows the names and addresses of the designated operators of the offsetting Basin Fruitland Coal leases, all of which have been notified by certified mail of this application by copies posted at the time this mailing.

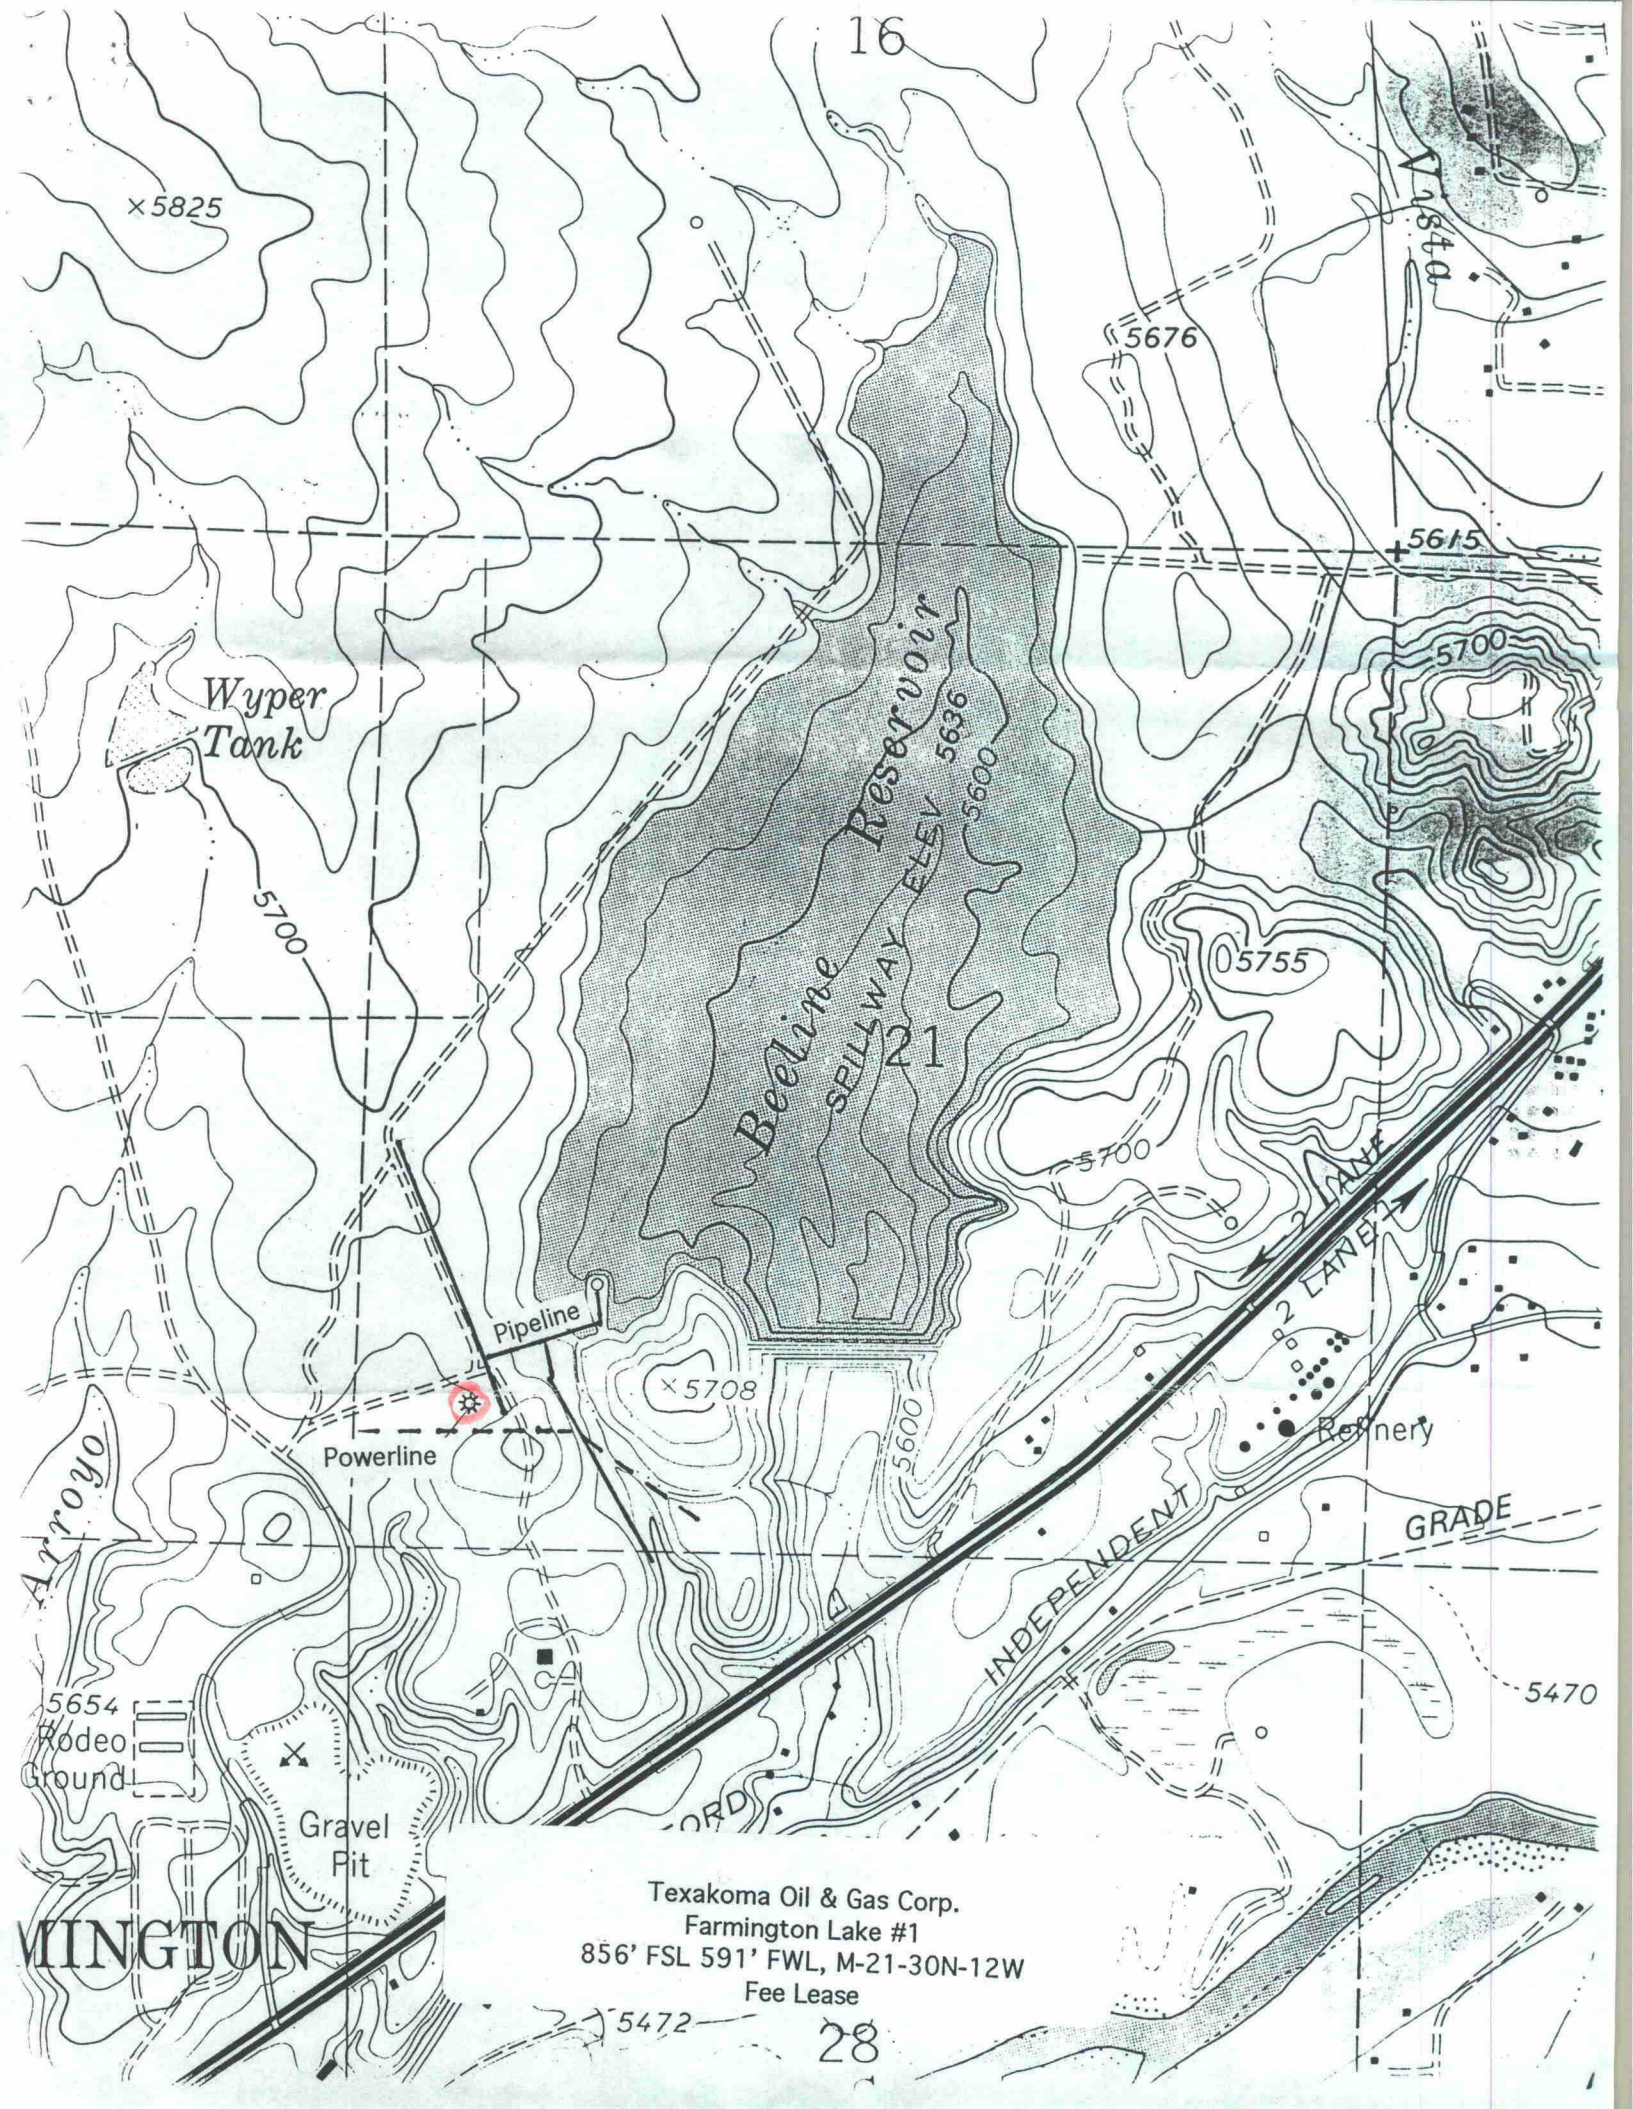

If there are questions, please contact me.

Yours very truly,

A. R. Kendrick
