Re: Application for a 320 acre non-standard gas proration unit, Jalmat Gas Pool, comprising the E/2 Sec. 19-22S-36E, Lea County, New Mexico

Gentlemen:

Cities Service Oil Company hereby makes application for approval of a non-standard gas proration unit comprising the E/2 of Section 19-22S-36E, Lea County, New Mexico, and in support thereof states the following facts.

1. Closson "B" No. 9 is located 1980' from the south line and 1980' from the east line of Section 19-22S-36E, Lea County, New Mexico, and was completed June 28, 1956, as a Jalmat Gas Pool well.
2. An exception to Rule 5(a) Order R-520 is requested in order to assign the Closson "B" No. 9 a 320 acre non-standard gas proration unit. This non-standard gas proration unit consists of contiguous quarter/quarter sections within a single governmental section and the entire area may reasonably be presumed to be productive of gas.
3. The attached plat indicates the acreage to be assigned to this well and the offset ownership.
4. All operators owning interests in Section 19 and within 1980' of the Closson "B" No. 9 have been furnished copies of this request by registered mail.

In view of the existence of the above facts herein stated and compliance with the provisions of Rule 5(a) of the Oil Conservation Commission's Order No. R-520, Cities Service Oil Company requests the Commission approve the above described non-standard gas proration unit.

Very truly yours,

CITIES SERVICE OIL COMPANY
