Attention: Mr. William J. LeMay -Director

Dear Mr. LeMay:

Due to the reclassification of the above well from an oil well to a gas well, Arch Petroleum Inc. respectfully requests administrative approval for the creation of a non-standard 80 acre gas proration unit, and an unorthodox gas well location.

This well needs to be reclassified due to the current production which has a GOR in excess of 50,000 cubic feet of gas per barrel of oil. We have been notified that this well will be reclassified effective January 1, 1997.

A copy of this administrative application is being provided to our offset operators via Certified Mail. Attached is a commercial map and a Form C-102 plat illustrating the proration unit acreage and well location. Also included is a copy of the letter sent to our offset operators.

If you have any questions, or if you require further information, please call me at 915/685-1961.

Sincerely,

Bobbie Brooks
Production Analyst
