Gentlemen:

Gulf Oil Corporation hereby makes application for approval of a non-standard gas proration unit comprising S/2 of Section 4, T-22-S, R-36-E, Lea County, New Mexico, and in support thereof states the following facts:

- (1) Gulf Oil Corporation is owner and operator of an oil and gas lease known as its J. F. Janda "F" Lease, Lea County, New Mexico, as shown on the attached plat.

  - (b) The proposed unit lies wholly within a single governmental section.

- (c) All acreage within the proposed unit may reasonably be presumed productive of gas.
  - (d) The length or width of the proposed unit does not exceed 5,280 feet.
  - (e) Gulf Oil Corporation is lessee and operator of all the acreage comprising the proposed unit as shown on the attached plat. There are no other operators within 1500 feet of the proposed unit well.
- (5) The approval of this application for a 320-acre non-standard gas proration unit will, in the opinion of the applicant, prevent waste, protect correlative rights and serve the best interest of conservation.

In view of the existence of the facts herein stated and compliance with the provisions of Rule 5 (b) of the Oil Conservation Commission's Order No. R-520, Gulf Oil Corporation requests that the Secretary of the Commission approve the above described non-standard gas proration unit.
