Attention: Glenn G. Neill

Gentlemen:

Reference is made to your application for a 160-acre non-standard gas proration unit in the Eumont Gas Pool dated August 18, 1958.

Since the location of your Mattern Well No. 7 is unorthodox for a gas well in the Eumont Gas Pool, please make application for a non-standard location. We will then process the two applications at the same time.

Very truly yours,
