NEW MEXICO OIL CONSERVATION COMMISSION  
P. O. Box 871  
Santa Fe, New Mexico

RE: 160 Acre Non-Standard Gas Proration Unit  
Amerada State "P" Well No. 2  
Unit M, SW SW Section 29, T-19-S, R-37-E  
Eumont Pool, Lea County, New Mexico

Gentlemen:

Amerada Petroleum Corporation's State "P" No. 2, located 660' FSL and 660' FWL of Section 29, T-19-S, R-37-E, Lea County, New Mexico, was completed in July, 1936, as an oil well from open hole section 3805' to 3935' in the Monument Grayburg Pool. Commission Order No. R-302 dated March 31, 1953, granted Amerada permission to dually complete the well in the Monument Oil and Eumont Gas Pools. The actual dual completion work was done in November, 1953, with Eumont Gas perforations being from 3330' to 3360' and 3430' to 3600'.

After the well was completed, Amerada furnished the Commission copies of a 160 acre gas acreage plat along with Form No. C-104, Request for Allowable. The acreage requested was the full SW/4 of Section 29, T-19-S, R-37-E, composed of the Amerada State "P" Lease (80 acres) and the Amerada State "R" Lease (80 acres). By letter dated December 14, 1953, the Commission assigned the well 160 acres for allowable purposes. The well has been producing with a 160 acre allowable; however, the acreage has never been unitized.

By this letter of application, Amerada Petroleum Corporation requests that the Oil Conservation Commission issue an administrative order creating a 160 acre non-standard gas proration unit for the Amerada State "P" No. 2, Eumont gas well, with acreage consisting of the Amerada State "P" Lease described as the W/2 SW/4 Section 29 and the Amerada State "R" Lease described as the E/2 SW/4 Section 29, T-19-S, R-37-E, Lea County, New Mexico.

A plat showing the proposed unit area and all offset Eumont wells and units is attached.

In accordance with Rule 5(c) of Commission Order No. R-1670, all offset operators are being furnished a copy of this application by registered mail.

Yours very truly,

The map is a hand-drawn grid representing the Gulf of Mexico and surrounding land areas. The grid is divided into 12 squares, with latitude and longitude coordinates marked along the edges. The map shows various oil fields and companies, including Gulf, Amerada, Texaco, Shell, and others. A red box highlights a specific area in the center, labeled 'P State R' and 'Amerada'.

**Grid Coordinates:**

- Latitude: 19, 20, 21, 28, 29, 30, 31, 32, 33
- Longitude: 29, 30, 31, 32, 33

**Oil Fields and Companies:**

- Gulf:** Located in the top-left and top-right squares.
- Amerada:** Located in the top-middle, middle-middle, and bottom-middle squares.
- Texaco:** Located in the top-left and top-middle squares.
- Shell:** Located in the middle-right square.
- Skelly:** Located in the middle-right square.
- Cont:** Located in the top-left and middle-left squares.
- Philips:** Located in the top-left square.
- Empire:** Located in the middle-left square.
- Ohio:** Located in the middle-left square.
- Luthy:** Located in the middle-middle square.
- Mexico X:** Located in the middle-right square.
- Shell & So. Pet. Exploration:** Located in the middle-right square.
- Elliott:** Located in the bottom-left square.
- Amerada & Gulf:** Located in the bottom-left square.
- State R:** Located in the bottom-middle square.
- State F:** Located in the bottom-middle square.
- State U:** Located in the bottom-middle square.
- Tidewater:** Located in the bottom-middle square.
- Great Western:** Located in the bottom-right square.
- Amerada:** Located in the bottom-right square.
- Sinclair:** Located in the bottom-left and bottom-middle squares.
- Phillips A:** Located in the bottom-left square.
- Gulf:** Located in the bottom-left square.

**Highlighted Area:**

- A red box highlights a specific area in the center, labeled 'P State R' and 'Amerada'.
- Inside the box, there is a small circle with a dot inside, labeled '2'.
