Re: Gas Proration Unit, State 10 No. 1,
Blinebry Gas Pool

Gentlemen:

We forward herewith application in triplicate for approval of a 40 acre gas proration unit for our recently recompleted State 10 No. 1 well in Unit D-10-21-37.

This acreage formerly was included in a 160 acre proration unit consisting of NW/4 Section 10 which was allocated to State 10 No. 2 located in Unit E-10-21-37. Well No. 2 has recently been classified as an oil well so that its 160 acre gas proration unit (NW/4) should be cancelled.

We would appreciate your approval of the unit for well No. 1 and the cancellation of the unit for well No. 2.

Yours very truly,

A. B. Slaybough

Re: Continental Oil Company
application for a 40-acre
non-standard gas proration
unit for its State 10 No. 1
in Section 10, T-21S, R-37E,
NMPM, Blinebry Pool, Lea
County, New Mexico

Gentlemen:

Continental Oil Company respectfully requests administrative approval under the provisions of Rule 5C of the Special Rules and Regulations for the Blinebry Gas Pool of Order R-1670 for the formation of a 40-acre non-standard gas proration unit consisting of the NW/4 NW/4 of Section 10, Township 21 South, Range 37 East, for its State 10 No. 1 well located 990 feet from the north line and 990 feet from the west line of Section 10, Township 21 South, Range 37 East, Lea County, New Mexico, in the Blinebry Gas Pool.

In support of this request we should like to point out that the proposed unit conforms with the requirements of said Rule 5C in all respects as follows:

1. Said proposed non-standard gas proration unit consists of contiguous quarter-quarter sections.
2. Said proposed non-standard gas proration unit lies wholly within a single governmental section.
3. The entire proposed non-standard gas proration unit may be reasonably presumed to be productive of gas.
4. The length or width of said unit does not exceed 2,640 feet.
5. Copies of this application have been furnished this date by registered mail to all offset operators and all operators within 1,500 feet of said well, as required by the provisions of said Rule 5C.

A plat is attached hereto showing to the best of our knowledge and belief the proposed unit, the location of the No. 1 well and other wells on the lease, offset wells and ownership thereof.

The granting of this application is in the interest of preventing waste and the protection of correlative rights.

In view of the facts set out herein it is respectfully requested that the Commission enter an order approving the non-standard gas proration unit for Continental Oil Company's State 10 No. 1 well as described above.

Wm. A. Mead
Wm. A. Mead
Division Superintendent
of Production
New Mexico Division

STATE OF NEW MEXICO }
COUNTY OF CHAVES } ss.

Wm. A. Mead, upon being duly sworn, deposes and says that he is the Division Superintendent of Production for Continental Oil Company, and as such is authorized to file the foregoing application, that he has read said application and knows the contents thereof, and that the statements made therein are true, as he is credibly informed and believes.

Wm. A. Mead
