Attention: Mr. John H. Hendrix

Administrative Order NSP-682

Gentlemen:

Reference is made to your application for approval of an 80-acre non-standard gas proration unit in the Blinebry Gas Pool consisting of the following acreage:

LEA COUNTY, NEW MEXICO
TOWNSHIP 21 SOUTH, RANGE 37 EAST, NMPM
Section 25: W/2 NW/4

It is understood that this unit is to be dedicated to your Sarkey Well No. 2, located 660 feet from the North line and 660 feet from the West line of said Section 25.

By authority granted me under the provisions of Order No. R-1670, as amended, governing the Blinebry Gas Pool, you are hereby authorized to operate the above-described acreage as a non-standard gas proration unit, with allowable to be assigned thereto in accordance with the pool rules, based upon the unit size of 80 acres.

This order shall be effective the date a notice of disconnection is filed for your Sarkey Well No. 1, located 1980 feet from the North line and 660 feet from the West line of said Section 25.

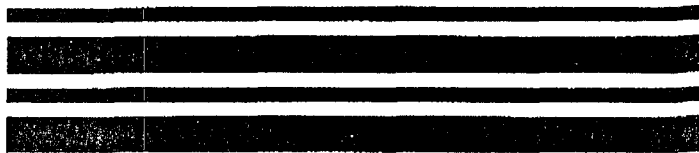

This order supersedes Administrative Orders NSP-644 and NSP-645.

Very truly yours,

A. L. PORTER, Jr.
Secretary-Director

Re: Application for 80 acre
non-standard gas proration
unit for Texas Pacific Oil
Company's Sarkey, No. 2
located in the NW/4, NW/4
Section 25, T-21-S, R-37-E
Lea County, New Mexico

Gentlemen:

Texas Pacific Oil Company respectfully requests administrative approval under provisions of Rule 5(c) of Order No. 1670 for the formation of an 80 acre non-standard proration unit for its Sarkey, Well No. 2, a Blinebry gas well, located 660 feet FNL and 660 feet FWL of Section 25, T-21-S, R-37-E, Lea County, New Mexico.

In support of this request the following facts are presented:

1. The proposed non-standard unit consists of the W/2 of the NW/4 of Section 25, T-21-S, R-37-E and is comprised of two 40 acre units now authorized by NSP-644 for Sarkey, Well No. 1 and NSP-645 for Sarkey, Well No. 2. Texas Pacific proposes to abolish these two units in order to form a single 80 acre unit for Well No. 2 and disconnect Well No. 1.
2. The proposed unit can be operated more economically than two separate units due to the elimination of an extra meter run and the switching of two wells whereas Well No. 2 is capable of producing the allowable for an 80 acre unit.

NSP-682
Effective date notice
filed for Sarkey well no. 1
Add sentences
June 7-17

This order supersedes Administrative Order NSP-644 and NSP-645.

3. The proposed unit consists of contiguous quarter-quarter sections and lies wholly within a single governmental.
4. The length or width of the unit does not exceed 2640 feet.
5. Copies of this application have been sent to all operators as required under Rule 5(c).

In view of these facts, it is requested that the Commission enter an order approving an 80 acre non-standard proration unit for Texas Pacific Oil Company's S. J. Sarkey, Well No. 2 and abolishing units created by NSP-644 and NSP-645.
