Attention: A. D. Green,
Engineer

AMENDMENT
Administrative Order NSP-959

Dear Mr. Green:

Reference is made to your request to amend Administrative Order NSP-959, dated August 9, 1974, which authorized a 160-acre non-standard gas spacing and proration unit consisting of the following acreage in the Eumont Gas Pool:

LEA COUNTY, NEW MEXICO, NMPM

TOWNSHIP 21 SOUTH, RANGE 36 EAST, NMPM
Section 5: Lots 9, 10, 15, and 16

and simultaneous dedication to the State "H" Wells Nos. 1 and 3 located in Units O and J, respectively, of said Section 5.

It is my understanding that the above-described wells were recently plugged and abandoned in the Eumont zone and that this unit is to now be dedicated to your State "H" Well No. 5 located at a standard gas well location 3591 feet from the North line and 920 feet from the East line (Unit I) of said Section 5.

By authority granted me under the provisions of Rule 2(a) of the Special Rules and Regulations for the Eumont Gas Pool as

promulgated by Division Order No. R-8170, this amendment to NSP-959 and the above-described non-standard gas proration unit is hereby approved.

Sincerely,

R. L. STAMETS, Director
