Mr. R. L. Stamets, Technical Support Chief Oil Conservation Division P. O. Box 2088 Santa Fe, New Mexico 87501

Dear Sir:

Gulf Oil Corporation requests your administrative approval for a nonstandard proration unit for our Scott "E" Federal Com No. 17, located 1000' FNL and 1000' FWL of Section 22-27N-11W, San Juan County, New Mexico, which Gulf proposes to complete in the Basin Dakota Pool. In support of this application, the following information is submitted:

- 1. A plat showing the location of the well and the 160 acre proration unit is attached.
- The non-standard unit lies wholly within a governmental quarter 2. section.
- 3. A copy of this application has been furnished all offset operators by certified mail with the request they furnish waivers direct to your office providing they have no objection to the non-standard proration unit.
- Beta Development Co. has executed Designation of Operator form 4. covering this acreage, and they in turn will be seeking administrative approval for a non-standard proration unit for the NE/4 of Section 22-27N-11W, San Juan County, New Mexico.

If additional information is required, please advise.

Yours very truly,

ANDERSON

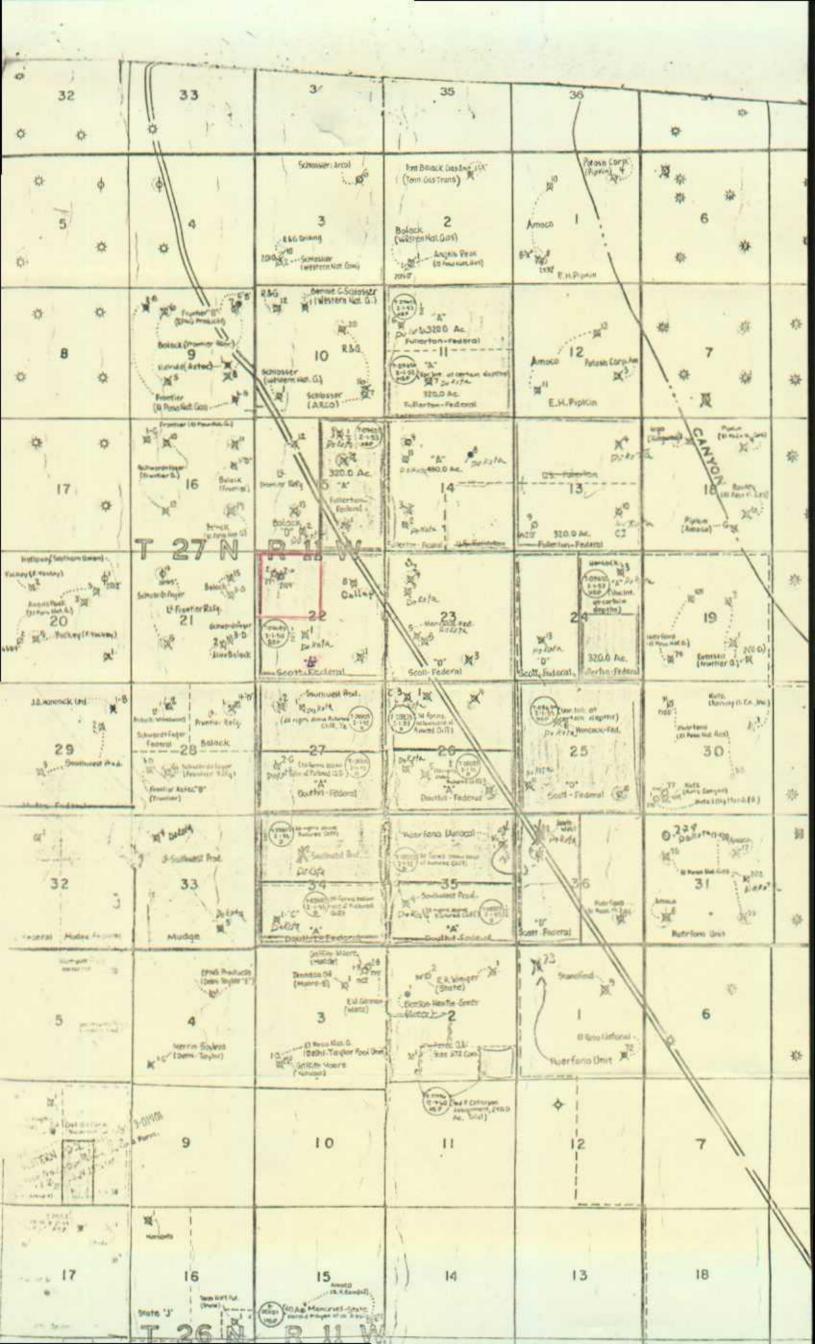

PTG/jr

CERTIFIED MAIL

Re: Application for Non-Standard Proration Unit - Scott "E" Federal Com #17

Beta Development Company P. O. Box 1659 Midland, TX 79702

Husky Oil Company 600 S. Cherry St. Denver, CO 80222

Gentlemen:

Attached are copies of Gulf's application for a non-standard proration unit on subject well, together with a plat showing the area involved.

In order to expedite handling of this application by the New Mexico Oil Conservation Division, it would be appreciated if you would sign and mail direct to the Division one copy of the enclosed waiver. Also enclosed is a selfaddressed, stamped envelope for your convenience.

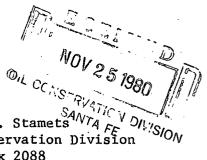

Yours very truly,

R. C. ANDERSON
