RE: Application for Nonstandard  
Drillsite Spacing Unit  
Tenneco Navajo Napie #1  
Proposed Gallup Well  
San Juan County, New Mexico

Gentlemen:

Attached is a copy of a well location plat (C-102) for the above captioned Gallup well.

The Navajo Napie #1 Well proposed site is 1850' FEL, 790' FSL, Section 14 Township 26 North, Range 12 West, San Juan County, New Mexico. The lease expiration date is prohibiting communitization of said leasehold to form a 320 acre spacing unit because production must be obtained by lease expiration. Application is, therefore, made for ~~160~~ <sup>80</sup> acre spacing.

A copy of this application has been submitted to all offset operators and waiver of objection is attached from each.

Pursuant to Authority of Rule 4b(3) p 437 we respectfully request your approval of an exemption to the standard well acreage dedication requirements.

Very truly yours,

TENNECO OIL COMPANY

  
J. M. Lacey

Division Production Manager
