HAND-DELIVERED

Lori Wrotenbery, Director
Oil Conservation Division
New Mexico Department of Energy,
Minerals and Natural Resources
1220 South Saint Francis Drive
Santa Fe, New Mexico 87505

Re: Application of Yates Petroleum Corporation for administrative approval of a 169-acre non-standard gas spacing unit for its Spring Federal Well No. 3 located 660 feet from the South line and 990 feet from the West line of partial Section 4, Township 6 South, Range 26 East, NMPM, Chaves County, New Mexico.

Dear Ms. Wrotenbery:

Yates Petroleum Corporation, pursuant to the provisions of Division Rule 104 D (2)(b) and (c) adopted on January 18, 1996, hereby seeks administrative approval of a 169-acre non-standard gas spacing and proration for the Spring Federal Well No. 3 to be comprised of all of partial Section 4, Township 6 South, Range 26 East, N.M.P.M., Chaves County, New Mexico.

This well was drilled by Mesa Petroleum Company at a standard gas well location in the Abo formation 660 feet from the South line and 990 feet from the West line of Section 4 and, by Administrative Order NSP-1280 dated February 9, 1982, a non-standard 169-acre spacing unit in the Abo formation was approved for the well.

Yates has purchased the well and plans to deepen it to test the Strawn, Cisco and Wolfcamp formations. These formations are developed on 320-acre spacing pursuant to the general rules of the Division.

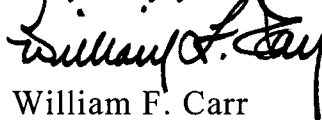

Lori Wrotenbery, Director
Oil Conservation Division
New Mexico Department of Energy,
Minerals and Natural Resources
June 5, 2002
Page 2

This non-standard gas spacing and proration unit is necessary because of a variation in the legal subdivision of the United States Public Land Surveys. This unit is comprised of contiguous lots which lie wholly within a single governmental section and are joined by a common side. Attached is a plat which shows the subject spacing unit and all adjoining spacing units or leases. Also attached is a list of all parties affected by this application.

Since this non-standard spacing and proration unit comprises all of partial Section 4, there are no owners in the mineral estate who are excluded from this non-standard unit. On or before the date on which this application was filed with the Division, a copy of this application with all attachments thereto was mailed to all offset operators or mineral interest owners by Certified Mail--Return Receipt Requested. Each of these parties was advised that if they have an objection to the proposed non-standard spacing or proration unit it must be filed in writing with the Division's Santa Fe office within twenty days from the date notice was sent. They were also advised that if no objections were received by the Division within twenty days, the Division Director could approve the application.

Your attention to this application is appreciated.

Very truly yours

TO ALL AFFECTED INTEREST OWNERS:

Re: Application of Yates Petroleum Corporation for administrative approval of a 169-acre non-standard spacing unit in the Strawn, Cisco and Wolfcamp formations for its Spring Federal Well No. 3 located 660 feet from the South line and 990 feet from the West line of Section 4, Township 6 South, Range 26 East, NMPM, Chaves County, New Mexico.

Ladies and Gentlemen:

Enclosed is a copy of the above-referenced application which was filed with the Oil Conservation Division on this date by Yates Petroleum Corporation for administrative approval of a 169-acre non-standard gas spacing and proration unit comprised of the all (Lots 1 through 4) of partial Section 4, Township 6 South, Range 26 East, N.M.P.M., Chaves County, New Mexico. This spacing and proration unit will dedicated to the Spring Federal Well No. 3 to be recompleted in the Strawn, Cisco and Wolfcamp formations at a location 660 feet from the South line and 990 feet from West line of said Section 4.

As the owner of an interest which will be affected by the proposed non-standard unit, you may object to this application. Objections must be filed in writing at the Division's Santa Fe office located and 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505 within twenty days from the date this notice was sent to you. If no objection is received within twenty days after the Division Director receives this application, the non-standard spacing or proration unit may be approved.

Very truly yours,

William F. Carr
Attorney for Yates Petroleum Corporation.

Attention: R. E. Mathis

Administrative Order NSP-1280

Gentlemen:

Reference is made to your application for a 160-acre non-standard proration unit consisting of the following acreage in the Abo Formation:

CHAVES COUNTY, NEW MEXICO
TOWNSHIP 6 SOUTH, RANGE 26 EAST, NMPM
Section 4: All of Partial Section:

It is my understanding that this unit is to be dedicated to your Spring Federal Well No. 3 located 660 feet from the South line and 990 feet from the West line of said Section 4.

By authority granted me under the provisions of Rule 104 D II, the above non-standard proration unit is hereby approved.

Sincerely,

JOE D. RAMEY,
Director
