Santa Fe, New Mexico 87505

Attention William J. LeMay - Director

Dear Mr. LeMay,

The OCD office in Hobbs contacted Chevron with a request that the Vivian #3 be reclassified from an oil well to a gas well in the Blinebry Oil and Gas Pool. Chevron respectfully requests reclassification of said well to gas per OCD guidelines, as the GOR for this well has consistently been higher than 50,000 to 1. A 40 acre gas proration unit is proposed to be dedicated to the Vivian #3 well. The location of the new gas proration unit is the SW/4, W/2 of the NW/4. The remaining 120 acres of the NW/4 is to be divided between three Chevron Blinebry oil producers the Vivian #1, #5, & #13. Each well should have 40 acres assigned to them per Blinebry oil well OCD guidelines.

A copy of this administrative application is being provided to our offset operator via Certified Mail. Attached is a commercial map and four Form C-102 plats illustrating the proration unit acreage and well locations for the Vivian #1, #3, #5, and #13 wells. If you have any questions, or if you require further information, please contact Craig Wright at (915) 687-7284.

Sincerely,

C.A. Wright
Production Engineer
