Section 25, T30N, R5W *Undesignated*

*NSP - 1413*  
~~HSP~~  
Rule 104 FI

Dear Mr. Stamets: *Rio Arriba County*

Northwest Pipeline Corporation requests permission to complete the Gallup formation in the above captioned well in an unorthodox location due to topography. This location was previously approved for the Dakota formation by Administrative Order NSL-1652 dated February 14, 1983.

The South half of Section 25 has been dedicated to the Gallup well. The South half consists of 270.04 acres and is Non-Standard due to a variation in the legal subdivision of the U.S. Public Land Survey. Northwest requests permission to produce the Gallup as a Non-Standard Gas Unit. A Non-Standard Gas Proration Unit was approved for the Dakota formation on September 28, 1983.

An application to commingle the Gallup and Dakota formations has previously been submitted for your consideration.

Sincerely,

*Paul C. Thompson*  
Paul C. Thompson  
Sr. Drilling Engineer

Re: Non-Standard Location  
San Juan 30-5 Unit #91  
835 FWL & 1950 FSL  
Section 25, T30N, R5W

Dear Mr. Poage:

Northwest Pipeline has requested permission from the NMOCD to complete the Gallup formation in the above referenced well in a Non-Standard Location due to topographical reasons. Our records show you to be the owners of some offset acreage. Notify Joe Ramey, with the NMOCD in Santa Fe, New Mexico, within 20 days if you have any objections to this location. This letter is being sent by certified mail in accordance with NMOCD regulations.

Sincerely,

A handwritten signature in cursive script that reads "Paul C. Thompson".
