Re: Request for Approval of an  
Unorthodox Location and  
Non-Standard Proration Unit  
SANDERS OIL & GAS COMPANY  
No.1 Roswell, SE $\frac{1}{4}$  Sec.29-10S-25E  
Chaves County, New Mexico

Gentlemen:

You are respectfully requested to grant administrative approval for an unorthodox location and non-standard proration unit for the above wildcat gas well in accordance with Rules 104 F and 104 D II.

The well has been staked at a point 2140' FSL and 2310' FEL of Section 29, T10S, R25E, Chaves County, New Mexico. The well was staked at this location because it is as near an orthodox location as terrain conditions would permit. The attached copy of a topographic map indicates that all standard locations for the SE $\frac{1}{4}$  of Section 29 would be in a marsh.

The request for a 120 acre non-standard Abo gas proration unit, consisting of the S $\frac{1}{2}$ SE $\frac{1}{4}$  and NW $\frac{1}{4}$ SE $\frac{1}{4}$  of Section 29 is occasioned by the Public land, described as the NE $\frac{1}{4}$ SE $\frac{1}{4}$  of Section 29, being withdrawn from leasing because it is within the Bitter Lake Wildlife Refuge. Sanders Oil & Gas Company has been attempting to obtain a lease for this acreage since January 1983. Efforts to lease the tract appear to be futile. If the NE $\frac{1}{4}$ SE $\frac{1}{4}$  of Section 29 is eventually leased, Sanders Oil & Gas Company would make reasonable efforts to commit this tract to form a standard proration unit.

The north and east offsets to this proration unit are within the Bitter Lake Wildlife Refuge and are withdrawn from leasing. The offset operators and the Bureau of Land Management have been furnished a copy of this application by certified mail. A request for waiver of objection to this Application has been furnished to each offset operator. Attached is a copy of a land ownership map indicating offset operators as follows:

Gentlemen:

Please replace Page 2 of the referenced Application,  
dated October 30, 1984, with the enclosed revised list  
of mineral ownerships.

A copy of the Application and request for waiver have  
been sent to the listed owners, which we believe are  
the working interests that could be affected by approval  
of the Application.

All of the interests that have been contacted were favor-  
able to signing a waiver, in order to get a well drilled  
in this area.

Sincerely yours,

JERRY W. LONG

and Non-Standard Proration Unit for  
SANDERS OIL & GAS COMPANY No.1 Roswell,  
NW $\frac{1}{4}$ SE $\frac{1}{4}$  Sec.29, T10S, R25E, Chaves  
County, New Mexico

Gentlemen:

Please consider the enclosed referenced application.

If you have no objection to this application, we would appreciate your execution of a waiver of objection to it in the space below. Please send one executed copy to the NMOCD in the enclosed envelope, returning one executed copy to me in the enclosed envelope, and retaining one for your files.

We would appreciate a timely response to this request in order to drill the well during 1984.

Sincerely yours,

*Jerry W. Long*

SANDERS OIL & GAS COMPANY

The undersigned has no objection to the application for an unorthodox location due to topography for the No.1 Roswell well, to be located 2140' FSL, 2310' FEL of Section 29, T10S, R25E as a wildcat Abo test. Also, no objection is offered to dedication of a 120 acre non-standard proration unit, consisting of the S $\frac{1}{4}$ SE $\frac{1}{4}$  and NW $\frac{1}{4}$ SE $\frac{1}{4}$  Section 29, T10S, R25E, occasioned by withdrawal of the NE $\frac{1}{4}$ SE $\frac{1}{4}$  from leasing because it is within the Bitter Lakes Wildlife Refuge.
