Division Administration Order NSP-1529-A dated September 6, 1996  
Request for approval of 40 acre non-standard proration unit

Dear Mr. Stogner:

Per our conversation this date, please consider this formal application for administrative approval of a non-standard proration unit.

I respectfully request the approval of a non-standard proration unit for the subject well. The number of acres dedicated to this well is 40 acres, contrasted to the 640 acre standard proration unit. This 40 acre tract was previously included in Administrative Order NSP-1529 dated 2-23-88 which established a 120 acre non-standard proration unit.

A plat and legend indicating offset operators, as well as an OCD C-102 are enclosed.

A copy of this letter and enclosures is being sent to all offset operators. They will be asked to indicate their position with respect to the subject request. You will be forwarded their responses by me via priority mail.

Thank you for working with me on this important matter.

Sincerely,

# GREG SHORT, P. E.
