Re: Non-Standard Gas Unit

Northwest Pipeline Corporation

Rosa Unit #125E

1670' FSL, 1035' FEL Section 13, T31N R6W

Rio Arriba, NM

Basin Dakota and Blanco MV

Dear Mr. LeMay,

This is a request on behalf of Northwest Pipeline Corporation for administrative approval for a non-standard gas unit in the Basin Dakota and Blanco Mesa Verde pool for the referenced well. The proposed spacing unit is the east half of Section 13, T31N, R6W, which is only 223.28 acres due to a variation in the legal subdivision of the U.S. Public Land Surveys.

As the Unit Operator of the Rosa Unit, Northwest Pipeline is the only offset operator. Attached is a plat indicating the well location and proposed spacing unit.

Thank you for your consideration and approval of this application. If you have any questions please do not hesitate to call upon me.

Sincerely,

Paul C. Thompson, P.E.

Paul C. Thompson

President, Walsh Engineering
