RE: Administrative Application for 3 Non-Standard
Gas Spacing and Proration Units; Rosa Unit
Area; Section 31, Township 31 North, Range 5
West, NMPM, Rio Arriba County, New Mexico.

Dear Mr. McCallister:

In reviewing the subject applications I was unable to find a record of the referenced Rosa Unit Well No. 137. Is this an existing well or a proposed well to be drilled. In either instance do you have a footage location for it. Also is this well to be dually completed or downhole commingled.

Thank you for any additional data that you might provide me in this matter.

Should you have any questions, please contact me at (505) 827-5811.

Sincerely,
