BEFORE EXAMINER	
OIL CONSERVATION DIVISION	
<u>OCD</u>	EXHIBIT NO: <u>115</u>
CASE NO: <u>12758-A</u>	

Dear Sirs:

The following inspection(s) indicate one or more violations as described in the detail section below. The inspection(s) indicates that the well, equipment, location or operational status failed to meet standards of the New Mexico Oil Conservation Division. To comply with guidelines as established in the Division Rules and Regulations, corrective actions must be taken immediately and the situation brought into compliance. The detail section below indicates preliminary findings and/or probable nature of the violation. This determination is based on an inspection of your well or facility by an inspector employed by the Oil Conservation Division.

Please notify the proper district office of the Division of the date corrective actions are scheduled and arrangements made so the well and/or facilities may be reinspected.

**INSPECTION DETAIL SECTION**

Inspection Date	Type Inspection	Inspector	Violation?	*Significant Non-Compliance?	Corrective Action Due By:	Inspection No.
07/02/2001	Routine/Periodic	Billy Pritchard	Yes	No	10/2/2001	iBEP0118326239
Comments on Inspection: This well is idle, Plumbed as disposal well, injection line is not hooked to anything at battery..						

Thank you for your prompt attention to this matter and your efforts in helping to protect our environment and the infrastructure of the oil and gas industry.

Sincerely,

*Chris Williams*  
Chris Williams, District I Supervisor

Note: Information in Detail Section comes directly from field inspector data entries - not all blanks will contain data.  
\*Significant Non-Compliance events are reported directly to the EPA, Region VI, Dallas, Texas.
