Re: Case No. <sup>13065</sup>~~10365~~, Inactive Well  
Marquess Com Well No. 1  
Eddy County, NM

Dear Mr. Fields:

Based on your letter of April 25 and my telephone conversation with Mr. Wakefield of your company on April 24, wherein Mr. Wakefield indicated that the plugging of this well would be accomplished within 60 days, I am asking the hearing examiner to continue the hearing schedule for May 8 to the July 10 docket.

We anticipate that the well will be plugged by that time, in which event this case will be dismissed. Otherwise we will then proceed to hearing.

Very truly yours

David K. Brooks  
Assistant General Counsel
