Re: Application of Matrix New Mexico Holdings, LLC for compulsory pooling, Lea County, New Mexico.

Ladies and Gentlemen:

This letter is to advise you that Matrix New Mexico Holdings, LLC has filed the enclosed application with the New Mexico Oil Conservation Division seeking the compulsory pooling of certain spacing and proration units in the E/2 of Section 10, Township 13 South, Range 38 East, NMPM, Lea County, New Mexico. Said units will be dedicated to Matrix New Mexico Holdings, LLC's Townsend Well No. 1-A which it proposes to drill at a standard gas well location in the NE/4 NE/4 of said Section 10 to test all formations from the surface to the base of the Wolfcamp formation.

This application has been continued and set for hearing before a Division Examiner on November 4, 2004. The hearing will be held in Porter Hall in the Division's Santa Fe offices. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 1208.B to file a Pre-Hearing Statement with the Oil Conservation Division's Santa Fe office located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505, three days in advance of a scheduled hearing. This statement must include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

Very truly yours,

William F. Carr
