CERTIFIED MAIL - RETURN RECEIPT REQUESTED**To Affected Working Interest Owners****Re: *New Mexico Oil Conservation Division Case No. 13305: Application of Mewbourne Oil Company for an Exception to Division Rule 104.C(2)(c), Eddy County, New Mexico.***

Ladies and Gentlemen:

This letter is to advise you that Mewbourne Oil Company has filed the enclosed application with the New Mexico Oil Conservation Division seeking an exception to Division Rule 104.C(2)(c) to allow two operators in all formations developed on 320-acre spacing in the N/2 equivalent of irregular Section 19, Township 21 South, Range 27 East NMPM, to form a standard 320-acre gas spacing and proration unit in the Burton Flat-Morrow Gas Pool, the Undesignated La Huerta-Strawn Gas Pool and the Undesignated La Huerta-Atoka Gas Pool and any other pool in this 314.84 spacing unit developed on 320-acre spacing. Applicant proposes to directionally drill the Mewbourne Esperanza "19" Federal Com well No. 2 from a non-standard surface location 599 feet from the North line and 2043 feet from the East line to a standard bottomhole location of 780 feet from the North line and 1463 feet from the West line of this section. The well will therefore be at a standard location in the Wolfcamp, Strawn Atoka and Morrow formations.

This application has been set for hearing before a Division Examiner on July 22, 2004 at Porter Hall in the Division's Santa Fe offices. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 1208.B to file a Pre-Hearing Statement with the Oil Conservation Division's Santa Fe office located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505, three days in advance of a scheduled hearing. This statement must include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

Very truly yours,

William F. Carr

Attorney for Mewbourne Oil Company

cc: D. Paul Haden

STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION

IN THE MATTER OF THE APPLICATION
OF MEWBOURNE OIL COMPANY FOR
AN EXCEPTION TO DIVISION
RULE 104.C(2)(c), EDDY COUNTY,
NEW MEXICO.

2004 JUN 29 PM 4 14
CASE NO. _____

APPLICATION

MEWBOURNE OIL COMPANY ("Mewbourne"), through its undersigned attorneys, hereby makes application for an order granting an exception to Division Rule 104.C(2)(c) to allow two operators in formations developed on 320-acre spacing in the N/2 of Section 19, Township 21 South, Range 27 East, NMPM, Eddy County, New Mexico, and in support of its application states:

1. Mewbourne is a working interest owner in the N/2 of irregular Section 19, and desires to drill the Mewbourne Oil Company Esperanza "19" Federal Com. Well No. 2 ("the Esperanza Well") from a non-standard standard gas well surface location 599 feet from the North line and 2043 feet from the East line and directionally drill the well in a west southwesterly direction to a standard bottomhole location 780 feet from the North line and 1463 feet from West line of said Section 19, to a depth sufficient to test all formations developed on 320-acre spacing through the Morrow formation, Burton Flat-Morrow Gas Pool. The directional drilling has been required by the BLM. Mewbourne plans to test the Wolfcamp, Strawn, Atoka and Morrow formations with this well.

2. This N/2 spacing unit is comprised of two federal leases and is irregular as the result of a variation in the U. S. Public Lands Survey. It contains 314.84-acres, more or less, and is comprised of Lots 1 and 2 (W/2 NW/4) and the E/2 NW/4 and the NE/4 of irregular Section 19. This spacing unit is currently dedicated to (i) the Wynn-Crosby Energy, Inc. RGD Well No. 1 located at a standard gas well location 660 feet from the North line and 840 feet from the East line (NE/4 NE/4) which produces from the Morrow formation, Burton Flat-Morrow Gas Pool, and (ii) the Vernon E. Faulconer,

~~APPLICATION~~

Inc. Pioneer Federal Com Well No. 1 located at a standard gas well location 1980 feet from the North and East lines (SW/4 NE/4) which produces from the Strawn formation, Undesignated La Huerta-Strawn Pool and the Atoka formation, Undesignated La Huerta-Atoka Pool.

3. Mewbourne proposes to simultaneously dedicate this spacing unit in the Morrow formation to the Esperanza Well located in the NE/4 NW/4 of the Section and the and the Wynn-Crosby Energy, Inc. RGD Well No. 1 located in the NE/4 NE/4 of the Section.

4. Mewbourne proposes to simultaneously dedicate this spacing unit in all other formations developed on 320-acre spacing to the Esperanza Well located in the NE/4 NW/4 of the Section and the Vernon E. Faulconer, Inc. Pioneer Federal Com Well No. 1 located in the SW/4 NE/4 of the Section.

5. Wynn-Crosby is a working interest owner and has operating rights only in the Morrow formation. Wynn-Crosby has executed Mewbourne's AFE but it prefers for Mewbourne to operate the Esperanza Well.

6. Vernon E. Faulconer, Inc. is the operator of the other formations in the N/2 of this section. However, Mewbourne has acquired the entire working interest of Vernon E. Faulconer, Inc. in this acreage. Because Vernon E. Faulconer, Inc. will own no interest in the Esperanza Well, and will pay no share of the well costs, Mewbourne desires to operate the well.

7. Neither Wynn-Crosby nor Vernon E. Faulconer object to Mewbourne operating the well.

8. Under the Operating Agreement covering the N/2 of this section in all formations except the Morrow, and pursuant to Division policy, Mewbourne will be allowed to drill the Esperanza Well to completion. However, Division Rule 104.C(2)(c) requires the operator of an infill well on a 320 acre unit to be the same as the operator of the initial well. Therefore, Mewbourne cannot operate and produce the Esperanza Well if it is completed as a well capable of production from the Strawn, Atoka or Morrow formations, and potentially other formations developed on 320-acre spacing.

9. Mewbourne therefore requests an exception to Division Rule 104.C(2)(c) to allow two operators in formations developed on 320-acre spacing in the N/2 equivalent of Section 19.

10. Approval of this application will be in the best interest of conservation, the prevention of waste and the protection of correlative rights.

WHEREFORE, Mewbourne Oil Company, requests that this application be set for hearing and that after notice and hearing, as required by law and the Rules of the Division, the Division enter its order granting this application.

Respectfully submitted,

HOLLAND & HART, LLP
