Re: Application of Matrix New Mexico Holdings, L.L.C. for compulsory pooling,
Lea County, New Mexico. (Townsend Well No. 3)

Ladies and Gentlemen:

Matrix New Mexico Holdings, L.L.C. has filed the enclosed application with the New Mexico Oil Conservation Division seeking an order pooling all mineral interests from the surface to the base of the Wolfcamp formation in NE/4 SE/4 of Section 10, Township 13 South, Range 38 East, NMPM, to form a standard 40-acre oil spacing and proration unit for all formations developed on 40-acre spacing within that vertical extent which includes but is not necessarily limited to the Bronco-Wolfcamp Pool. Said units are to be dedicated to Matrix Townsend Well No. 3 to be drilled at a standard oil well location in the NE/4 SE/4 of said Section 10 to a depth sufficient to test all formations from the surface through Wolfcamp formation.

This application has been set for hearing before a Division Examiner on February 17, 2005. The hearing will be held in Porter Hall in the Oil Conservation Division's Santa Fe Offices located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 1208.B to file a Pre-hearing Statement three days in advance of a scheduled hearing. This statement must be filed at the Division's Santa Fe office at the above specified address and should include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

CASE NO. _____

APPLICATION

MATRIX NEW MEXICO HOLDINGS, L.L.C. ("Matrix") through its undersigned attorneys, hereby makes application to the Oil Conservation Division pursuant to the provisions of NMSA 1978, § 70-2-17(C), for an order pooling all mineral interests from the surface through the base of the Wolfcamp formation in the NE/4 SE/4 of Section 10, Township 13 South, Range 38 East, NMPM, to form a standard 40-acre oil spacing and proration unit for all formations developed on 40-acre spacing within that vertical extent which includes but is not necessarily limited to the Bronco-Wolfcamp Pool, and in support thereof states:

1. Matrix is a working interest owner in the NE/4 SE/4 of said Section 10 and has the right to drill thereon.
2. Matrix proposes to dedicate the above-referenced spacing and proration unit to its Townsend Well No. 3 to be drilled at a standard oil well within the NE/4 SE/4 of this section to a depth sufficient to test all formations from the surface through the Wolfcamp formation.
3. Matrix has sought and been unable to obtain a voluntary agreement for the development of these lands from those interest owners identified on Exhibit A to this application.
4. Said pooling of interests will avoid the drilling of unnecessary wells, will prevent waste and will protect correlative rights.
5. In order to permit Matrix the opportunity to obtain its just and fair share of the oil and gas underlying the subject lands, all mineral interests should be pooled, and Matrix New Mexico Operating Company, L.L.C. should be designated the operator of the well to be drilled.

WHEREFORE, Matrix New Mexico Holdings, L.L.C. requests that this application be set for hearing before an Examiner of the Oil Conservation Division on February 17, 2005 and, after notice and hearing as required by law, the Division enter its order:

- A. pooling all mineral interests in the subject spacing units,
- B. designating Matrix New Mexico Operating Company, L.L.C. operator of this spacing unit and the well to be drilled thereon,
- C. authorizing Matrix New Mexico Holdings, L.L.C. to recover its costs of drilling,

- equipping and completing the well,
- D. approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures, and
- E. imposing a 200% penalty for the risk assumed by Matrix New Mexico Holdings, L.L.C. in drilling and completing the well against any working interest owner that does not voluntarily participate in the drilling of the well.
