TO: ALL AFFECTED INTEREST OWNERS

Re: Application of Seely Oil Company for amendment of the remedial cementing requirements of Division Order No. R-11929 which approved waterflood operations on the EK Penrose Sand Unit, Lea County, New Mexico.

Ladies and Gentlemen:

This letter is to advise you that Seely Oil Company has filed the enclosed application with the New Mexico Oil Conservation Division seeking an order amending Order No. R-11929 to delete the remedial cementing requirements for the McElvain Federal Well No. 3 (API No. 30-025-28557) located in the SW/4 SW/4 of Section 30, Township 18 South, Range 34 East, NMPM, Lea County, New Mexico.

This application has been set for hearing before a Division Examiner on February 3, 2003, 2004. The hearing will be held in Porter Hall in the Oil Conservation Division's Santa Fe Offices located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 1208.B to file a Pre-hearing Statement three days in advance of a scheduled hearing. This statement must be filed at the Division's Santa Fe office at the above specified address and should include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

Very truly yours,

William F. Carr
ATTORNEY FOR SEELY OIL
COMPANY

OIL CONSERVATION DIVISION

2005 JAN 11 PM 3 59

APPLICATION OF SEELY OIL COMPANY FOR AMENDMENT OF THE REMEDIAL CEMENTING REQUIREMENTS OF DIVISION ORDER NO. R-11929 WHICH APPROVED WATERFLOOD OPERATIONS IN THE EK PENROSE SAND UNIT, LEA COUNTY, NEW MEXICO.

CASE NO. _____

APPLICATION

SEELY OIL COMPANY ("Seely"), through its undersigned attorneys, hereby makes application for an order amending Order No. R-11929 to eliminate the cementing requirements for the McElvain Federal Well No. 3 located in the SW/4 SW/4 of Section 30, Township 18 South, Range 34 East, NMPM, Lea County, New Mexico and in support of its application states:

1. Seely is the operator of the EK Penrose Sand Unit that is located in the following described acreage located in Lea County, New Mexico:

Township 18 South, Range 33 East, NMPM

Section 24: SE/4
Section 25: NE/4

Township 18 South, Range 34 East, NMPM

Section 19: 19
Section 20: W/2 SW/4, SE/4, SW/4
Section 29: NW/4, N/2 SW/4
Section 30: N/2, N/2 SE/4, E/2 SW/4

The proposed Unit Area consists of 1469.75 acres, more or less, of Federal and Fee lands, situated in Lea County, New Mexico.

2. By Order No. R-11929, entered on April 16, 2003, the Division authorized Seely to conduct waterflood operations in the EK Penrose Unit Area but made remedial action on certain wells a condition precedent to the commencement of these operations.

3. Finding 16, and Order Paragraph No. 9 of Order No. R-11929, requires that prior to injection into the Yates Petroleum Corporation Howe "TG" Federal Well No. 1 ("Howe Well"), Seely must perform remedial cementing operations on the C. W. McElvain Federal Well No. 3 (API No. 30-025-28557) ("the McElvain Well No. 3") as well as another well, to isolate the Penrose Sand member of the Queen formation within that wellbore.

4. Information now available on the McElvain Well No. 3 shows that there is no porosity development in this Penrose Sand in the McElvain Well No. 3 and this sand therefore does not exist at this location.

5. Seely Oil Company therefore requests that Order No. R-11929 be amended to authorize the injection into the Howe Well without first performing remedial cementing work on the McElvain Well No. 3.

6. Approval of this application will eliminate remedial actions that are unnecessary and will otherwise be in the best interest of conservation, the prevention of waste and the protection of correlative rights.

WHEREFORE, Seely Oil Company requests that this application be set for hearing before an Examiner of the Oil Conservation Division on March 3, 2005, that notice be given as required by law and the rules of the Division, and that Order No. R-11929 be amended to eliminate the remedial cementing requirements for the McElvain Federal Well No. 3.

Respectfully submitted,

HOLLAND & HART, LLP
