Re: New Mexico Oil Conservation Division Cases 13428 and 13429: Applications of OGX Resources LLC for compulsory pooling, Eddy County, New Mexico.

Dear Mr. Catanach:

On this date I have filed applications seeking orders force pooling all mineral interests in spacing and proration units located in the S/2 of Section 20 and the S/2 of Section 29, Township 24 South, Range 28 East, NMPM, Eddy County, New Mexico. These spacing units are the subject of two cases on the Division's February 17, 2005 examiner hearing docket in which OGX Resources, Inc, seeks orders pooling the same spacing units.

EOG Resources, Inc. requests that the hearings on the OGX applications be continued to the March 17, 2005 examiner docket to enable all cases affecting this acreage to be heard at one time.

I have contacted Jim Bruce, attorney for OGX Resources, LLC, and Tom Kellahin, attorney for Occidental Permian Limited Partnership, and they do not oppose this request.

Very truly yours,

William F. Carr
