**Subject:** OCD Case 16074 - Providence Energy Services

Florene:

The operator has performed MIT's and obtained approved temporary abandoned status for 2 inactive wells, returning him within the allowable limits of 19.15.5.9 NMAC. The application pertained specifically to violations of 19.15.5.9 NMAC and that is now resolved. Therefore the Compliance and Enforcement Bureau requests that this case be dismissed. Please let me know if you require anything further.

Thank you  
Keith Herrmann
