BHL: 380' FSL & 660' FWL of Section 11-T25S-R35E  
Lea County, New Mexico

Dear Interest Owner:

OneEnergy Partners Operating, LLC ("OEP"), as Operator, hereby proposes drilling and completing the County Fair WCA Fed Com 1H well (the "Well") to test the Wolfcamp A formation at a total vertical depth of 12,000' and a total measured depth of 21,700' ("Operation"). The estimated costs associated with the Operation are \$9,776,875.00, as outlined in the enclosed Authority For Expenditure dated September 5, 2017 ("AFE"). OEP's records indicate H-D Mineral Properties owns a .01558166 working interest in the Well, and H-D Mineral Properties's estimated costs associated with the Operation is approximately \$152,339.98.

The Blue Ribbon WCA Fed Com 1H Well will be the initial well drilled under the proposed Operating Agreement (as described in the Blue Ribbon well proposal) and the County Fair WCA Fed Com 1H will be drilled as a subsequent operation.

In the event H-D Mineral Properties chooses not to participate, OEP is willing to propose the following alternatives:

- H-D Mineral Properties lease its mineral interest in the Contract Area to OEP for \$3,500.00/acre and a Twenty-Five percent (25%) royalty. In the event you would like to execute an oil and gas lease, please contact Porter Miller at [porter@arresourcescorp.com](mailto:porter@arresourcescorp.com) or (214) 704-7475.

OEP looks forward to working with H-D Mineral Properties on this matter and encourages you to call with any questions pertaining to the Operation. However, please be advised that OEP may file for compulsory pooling in the near future to pool any uncommitted working interest owners. As

County Fair WCA Fed Com 1H well proposal

such, please indicate your election in the Operation on the following page and return to Kay Delgado at [kdelgado@oneenergypartners.com](mailto:kdelgado@oneenergypartners.com) at your earliest convenience.

Respectfully,

The estimated costs associated with the Operation are \$9,776,875.00, as outlined in the enclosed Authority For Expenditure dated September 5, 2017 ("AFE"). OEP's records indicate Jetstream Oil and Gas Partners, LP owns a .00228160 working interest in the Well, and Jetstream Oil and Gas Partners, LP's estimated costs associated with the Operation is approximately \$22,306.93.

The Blue Ribbon WCA Fed Com 1H Well will be the initial well drilled under the proposed Operating Agreement submitted herewith and the County Fair WCA Fed Com 1H will be drilled as a subsequent operation.

- Jetstream Oil and Gas Partners, LP grant a term assignment covering its leasehold interest in the Contract Area to OEP for \$3,500.00/net acre, delivering a seventy-five percent net revenue interest.

OEP looks forward to working with Jetstream Oil and Gas Partners, LP on this matter and encourages you to call with any questions pertaining to the Operation. However, please be advised

Dear Working Interest Owner:

OneEnergy Partners Operating, LLC ("OEP"), as Operator, hereby proposes drilling and completing the Blue Ribbon WCA Fed Com 1H well (the "Well") to test the Wolfcamp A formation at a total vertical depth of 11,400' and a total measured depth of 21,600' ("Operation"). The estimated costs associated with the Operation are \$9,776,875.00, as outlined in the enclosed Authority For Expenditure dated September 5, 2017 ("AFE"). OEP's records indicate Ameredev New Mexico, LLC owns a .00138751 working interest in the Well, and Ameredev New Mexico, LLC's estimated costs associated with the Operation is approximately \$13,565.51.

In addition, OEP hereby proposes the Operation under the terms of a modified 2015 Horizontal AAPL Form 610 Operating Agreement ("OA") with the following basic terms:

- Contract Area shall cover 641.78 acres, more or less, and include the following described lands ("Contract Area):  
Township 25 South, Range 32 East, N.M.P.M.  
Section 2: Lot 3, Lot 4, the S/2 NW/4 and the SW/4, containing 321.78 acres, more or less.  
Section 11: W/2, containing 320 acres, more or less.

- OneEnergy Partners Operating, LLC shall be listed as the Operator.
- 100%/300%/300% non-consent risk penalties.
- \$7,000.00/\$700.00 drilling and producing overhead rates.

If you elect to participate in the drilling and completion of the Well, enclosed for your execution is the Operating Agreement. We ask that you sign where indicated, returning the signature pages to OneEnergy Partners at your earliest convenience.

In the event Ameredev New Mexico, LLC chooses not to participate, OEP is willing to propose the following alternatives:

- Ameredev New Mexico, LLC farmout its leasehold interest in the Contract Area, delivering to OEP all of its working interest and leasehold interest, reserving an overriding

Blue Ribbon WCA Fed Com 1H well proposal

royalty interest equal to the positive difference, if any, between twenty-five percent (25%) and existing leasehold burdens, subject to proportionate reduction, with the option to convert said overriding royalty interest into a proportionately reduced twenty-five percent (25%) working interest in the Well and associated project area upon payout of the Well.

- Ameredev New Mexico, LLC grant a term assignment covering its leasehold interest in the Contract Area to OEP for \$3,500.00/net acre, delivering a seventy-five percent net revenue interest.

OEP looks forward to working with Ameredev New Mexico, LLC on this matter and encourages you to call with any questions pertaining to the Operation. However, please be advised that OEP may file for compulsory pooling in the near future to pool any uncommitted working interest owners. As such, please indicate your election in the Operation on the following page and return to Kay Delgado at [kdelgado@oneenergypartners.com](mailto:kdelgado@oneenergypartners.com) at your earliest convenience.

**Re: Application of OneEnergy Partners Operating, LLC for a non-standard spacing and proration unit and compulsory pooling, Lea County, New Mexico.  
Blue Ribbon WCA Fed Com 1H Well**

Ladies & Gentlemen:

This letter is to advise you that OneEnergy Partners Operating, LLC has filed the enclosed application with the New Mexico Oil Conservation Division. This application will be set for hearing before a Division Examiner at 8:15 a.m. on March 22, 2018. The hearing will be held in Porter Hall in the Oil Conservation Division's Santa Fe Offices located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 19.15.4.13.B to file a Pre-hearing Statement four business days in advance of a scheduled hearing. This statement must be filed at the Division's Santa Fe office at the above specified address and should include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

If you have any questions about this matter please contact Jeff Lierly, at (713) 714-6485 or [jlrierly@oneenergypartners.com](mailto:jlrierly@oneenergypartners.com).

Sincerely,

Adam G. Rankin

**Re: Application of OneEnergy Partners Operating, LLC for a non-standard spacing and proration unit and compulsory pooling, Lea County, New Mexico.  
County Fair WCA Fed Com 1H Well**

Ladies & Gentlemen:

This letter is to advise you that OneEnergy Partners Operating, LLC has filed the enclosed application with the New Mexico Oil Conservation Division. This application will be set for hearing before a Division Examiner at 8:15 a.m. on March 22, 2018. The hearing will be held in Porter Hall in the Oil Conservation Division's Santa Fe Offices located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 19.15.4.13.B to file a Pre-hearing Statement four business days in advance of a scheduled hearing. This statement must be filed at the Division's Santa Fe office at the above specified address and should include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

If you have any questions about this matter please contact Jeff Lierly, at (713) 714-6485 or [jlierly@oneenergypartners.com](mailto:jlierly@oneenergypartners.com).

Sincerely,

Adam G. Rankin

**Re: Application of OneEnergy Partners Operating, LLC for a non-standard spacing and proration unit and compulsory pooling, Lea County, New Mexico.**  
**Blue Ribbon WCA Fed Com 1H Well**

This letter is to advise you that OneEnergy Partners Operating, LLC has filed the enclosed application with the New Mexico Oil Conservation Division. *Your interests are not being pooled under this application*, but as a lessee or operator in an offsetting tract, you are entitled to notice of this application.

This application has been set for hearing before a Division Examiner at 8:15 AM on March 22, 2018. The hearing will be held in Porter Hall in the Oil Conservation Division's Santa Fe Offices located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 19.15.4.13.B to file a Pre-Hearing Statement with the Oil Conservation Division's Santa Fe office, four days in advance of a scheduled hearing, but at least on the Thursday preceding the hearing. This statement must include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

If you have any questions about this matter please contact Jeff Lierly, at (713) 714-6485 or [jlrierly@oneenergypartners.com](mailto:jlrierly@oneenergypartners.com).
