**Re: 19.15.5.9 NMAC Compliance**

Dear Operator:

The Oil Conservation Division (OCD) is conducting ongoing review of all operators' compliance status with Subsection A of 19.15.5.9 NMAC. According to OCD records, your company is not in compliance with Subsection A of 19.15.5.9 NMAC for the following reason:

  X   Inactive wells. According to the attached inactive well list, your company has too many wells in violation of 19.15.25.8 NMAC (the inactive well rule) that are not subject to an inactive well agreed compliance order. As an operator of   323   wells, your company may have no more than   5   wells in violation of the inactive well rule. Your company has   229   wells in violation of the inactive well rule.

Non-compliance with 19.15.5.9 NMAC will prevent your company from acquiring any new wells, acquiring approval of exploration and development plans, receiving new allowables, and obtaining drilling, injection, and other OCD issued permits, and potentially expose your company to additional compliance actions including an OCD order requiring compliance, and revocation of injection permits. As the operator of a non 19.15.5.9 NMAC compliant company, you will not be permitted to register any additional companies to operate in New Mexico or have any interest exceeding 25 percent in any other companies in New Mexico.

The OCD is requesting that you review the OCD's online database for your specific Oil and Gas Registration Identification (OGRID) number and notify the OCD how your company plans to return to compliance with 19.15.5.9 NMAC. This is an opportunity for your company to work with the OCD toward achieving its goal of maintaining compliance with the rules of the State of New Mexico. Please respond to the OCD within 30 days of receipt of this letter. If no response is received the OCD may begin formal compliance action.

**Re: OCD Case No. 16040 for a Compliance Order against Cano Petro of New Mexico**

**Dear Operator:**

Pursuant to the notice provisions contained in 19.15.4 NMAC, you are hereby notified that at 8:15 AM on March 22, 2018, the New Mexico Oil Conservation Division ("OCD") will hold a hearing in front of a Division Examiner seeking an order determining that Cano Petro of New Mexico ("Operator") (1) is out of compliance with OCD rule 19.15.5.9(A)(4), and 19.15.25.8 NMAC and NMSA 1978, § 70-2-14; (2) requiring Operator to return to compliance with 19.15.5.9(A)(4), and 19.15.25.8 NMAC and requiring producing wells shut-in until compliance is achieved; and (3) in the event of non-compliance, declaring the wells abandoned and authorizing the OCD to plug the violating wells in accordance with a Division-approved plugging program and restore and remediate the location, recover costs from the Operator's financial assurance as permitted by 19.15.8.13 NMAC, and seek indemnification and costs as permitted by NMSA 1978, § 70-2-14(E). The hearing will be held in Porter Hall at 1220 South St. Francis Dr., Santa Fe, New Mexico.

Please review 19.15.4 NMAC to see applicable rules for division hearings. A person entitled to notice may enter an appearance at any time by filing a written notice of appearance with the division or the commission clerk, as applicable, or, subject to the provisions in Subsection C of 19.15.4.10 NMAC, by oral appearance on the record at the hearing. A party who has not entered an appearance at least one business day prior to the pre-hearing statement filing date provided in Paragraph (1) of Subsection B of 19.15.4.13 NMAC shall not be allowed to present technical evidence at the hearing unless the Oil Conservation Commission chairman or the OCD examiner, for good cause, otherwise directs.
