Mr. Examiner:

The above referenced case was taken under advisement on April 5. However, in the time since the hearing the operator has plugged and abandoned the well and the site has been released, curing the violation laid out in the divisions testimony rendering the requested order moot. Therefore, we can either amend the order showing that the operator complied, or move to dismiss the action, whatever you or the director so desires.

Please let me know if you need any further information.

Thank you

Keith Herrmann
