**APPLICATION OF DEVON ENERGY PRODUCTION  
COMPANY LP FOR A STANDARD HORIZONTAL SPACING  
AND PRORATION UNIT AND COMPULSORY POOLING,  
LEA COUNTY, NEW MEXICO**

**Case No. 16428**

**AFFIDAVIT OF MELISSA MILLER**

STATE OF OKLAHOMA    )  
  ) ss.  
COUNTY OF OKLAHOMA )

I, being duly sworn on oath, state the following:

1. I am over the age of eighteen years and have the capacity to execute this Affidavit, which is based on my personal knowledge.
2. I am employed as a Senior Landman with Devon Energy Production Company, L.P. (“Devon”), and I am familiar with the subject application and the lands involved.
3. I seek to be qualified by the Oil Conservation Division (“Division”) as an expert petroleum landman.
4. I graduated from the University of Oklahoma with a Bachelor’s degree in Business in 2005.
5. I have worked at Devon for thirteen (13) years as a Landman and I have been working in New Mexico for the past three (3) years.
6. This affidavit is submitted in connection with the filing by Devon of the above-referenced compulsory pooling application pursuant to 19.15.4.12.A(1) NMAC.
7. The purpose of this application is to force pool working interest owners into the horizontal spacing unit described below, and in the wells to be drilled in the unit.

8. No opposition is expected. The interest owners being pooled have been contacted regarding the proposed wells, but have failed or refused to voluntarily commit their interests in the well. They have, however, otherwise represented to me that they do not oppose this pooling application.

9. Devon seeks an order pooling all mineral interests in the Wolfcamp horizontal spacing unit underlying the W/2 E/2 of Sections 6 and 7 in Township 26 South, Range 34 East, NMPM, Lea County, New Mexico. The proposed spacing unit will be dedicated to the Jayhawk 7-6 Fed Fee Com 8H, to be horizontally drilled.

10. A plat outlining the unit being pooled is attached hereto as **Exhibit A**, which shows the location of proposed wells within the unit.

11. The parties being pooled, the nature of their interests, and their last known addresses are **Exhibit B** attached hereto. **Exhibit B** includes information regarding working interest owners and overriding royalty interest owners.

12. There are no depth severances in the Wolfcamp formation.

13. The locations and proposed depths of the wells to be drilled on the pooled units are as follows:

Well Name	SHL (7-T26S-R34E)	BHL (6-T26S-R34E)	TVD
Jayhawk 7-6 Fed Fee Com 6H	615' FSL and 2,060' FEL	20' FNL and 1,660' FEL	12,850'
Jayhawk 7-6 Fed Fee Com 7H	615' FSL and 2,090' FEL	20' FNL and 1,660' FEL	12,626'
Jayhawk 7-6 Fed Fee Com 8H	615' FSL and 2,120' FEL	20' FNL and 2,300' FEL	12,750'

14. I have conducted a diligent search of the public records in Lea County, New Mexico, where the wells are located, and conducted phone directory and computer searches to located contact

information for parties entitled to notification, and mailed all parties well proposals, including an Authorization for Expenditure (“AFE”).

15. Devon has made a good faith effort to obtain voluntary joinder of the working interests owners in the proposed wells.

16. Proposed C-102s for the wells are attached as **Exhibit C**. The wells will develop the Wolfcamp formation (BOBCAT DRAW; UPPER WOLFCAMP [98094]), which is an oil and gas pool.

17. **Exhibit D** is a sample proposal letter and the AFE for the proposed wells. The estimated cost of the wells set forth in the AFE is fair, reasonable, and comparable to the costs of other wells of similar depths and lengths drilled in this area of New Mexico.

18. Devon requests overhead and administrative rates of \$6,000/month for drilling a well and \$600/month for a producing well. These rates are fair and comparable to the rates charged by other operators for wells of this type in this area of southeastern New Mexico. Devon requests that these rates be adjusted periodically as provided in the COPAS Accounting Procedure.

19. Devon requests the maximum cost, plus 200% risk charge be assessed against non-consenting working interest owners.

20. Devon requests that it be designated operator of the wells.

21. The Exhibits to this Affidavit were prepared by me, or compiled from Devon’s company business records.

22. The granting of this Application is in the interests of conservation, the prevention of waste, and the protection of correlative rights.

23. The foregoing is correct and complete to the best of my knowledge and belief.

FURTHER AFFIANT SAYETH NAUGHT

RE: Well Proposal – Jayhawk 7-6 Fed Fee Com 8H  
SHL: 615’ FSL and 2120’ FEL – Section 7-T26S-R34E  
BHL: 330’ FNL and 2,300’ FEL – Section 6-T26S-R34E  
Lea County, New Mexico

Dear Yates Brothers:

Devon Energy Production Company, L.P. (“Devon”), as Operator, proposes to drill and complete the Jayhawk 7-6 Fed Fee Com 8H as a horizontal well to an approximate TVD of 12,750’ and approximate TMD of 22,750’ into the Wolfcamp formation at a SHL located 615’ FSL and 2120’ FEL Section 7-26S-34E and a BHL 330’ FNL and 2,300’ FEL of Section 6-26S-34E, Lea County, New Mexico (the “Well”). Enclosed for your review is Devon’s AFE, indicating drilling costs of \$3,678,652.28 and total completed well costs of \$10,872,377.50 (includes CTB and flowline costs).

Devon reserves the right to modify the location and drilling plans described above in order to address surface and subsurface concerns. Devon will advise of any such modifications.

Devon is proposing to drill the Well under the terms of the modified 2015 AAPL form of Operating Agreement (“JOA”). The JOA will be supplied to those parties interested in participating. The JOA will have the following general provisions:

- Devon Energy Production Company, L.P. named as Operator
- Contract area of E2 of Sections 6 and 7-T26S-R34E, being 640 acres
- 100/400% Non-Consenting Penalty
- \$6000/\$600 Drilling and Production Rate

As an alternative to participating in the Well, Devon is interested in leasing your mineral interest (8.6111 nmas) for \$5000.00/acre, 1/4<sup>th</sup> royalty and a 2 year term on the lease form enclosed (the “Lease”). Should you choose to lease your minerals, please signed the enclosed Lease, in the presence of a notary public, and return it to my attention at the address listed above.

Please indicate your election to participate in the drilling and completion of the Well in the space provided below, within 30 days of receipt, by signing and returning one (1) copy of this letter and AFE, along with your well data requirements sheet. A Communization Agreement for said well will be supplied for your review and execution at a later date.

If your election is to participate, a cash call invoice will be sent following receipt of a timely election.

If an agreement cannot be reached within 30 days of receipt of this letter, Devon will apply to the New Mexico Oil Conversation Division for compulsory pooling of your interest into a spacing unit for the Well, if uncommitted at such time.

**EXHIBIT D**

Well Proposal – Jayhawk 7-6 Fed Fee Com 8H  
July 23, 2018

RE: Well Proposal – Jayhawk 7-6 Fed Fee Com 8H  
SHL: 615’ FSL and 2120’ FEL – Section 7-T26S-R34E  
BHL: 330’ FNL and 2,300’ FEL – Section 6-T26S-R34E  
Lea County, New Mexico

Dear Mr. Bassett:

Devon Energy Production Company, L.P. (“Devon”), as Operator, proposes to drill and complete the Jayhawk 7-6 Fed Fee Com 8H as a horizontal well to an approximate TVD of 12,750’ and approximate TMD of 22,750’ into the Wolfcamp formation at a SHL 615’ FSL and 2120’ FEL Section 7-26S-34E and a BHL 330’ FNL and 2,300’ FEL of Section 6-26S-34E, Lea County, New Mexico (the “Well”). Enclosed for your review is Devon’s AFE, indicating drilling costs of \$3,678,652.28 and total completed well costs of \$10,872,377.50 (includes CTB and flowline costs).

Devon reserves the right to modify the location and drilling plans described above in order to address surface and subsurface concerns. Devon will advise of any such modifications.

Devon is proposing to drill the Well under the terms of the modified 2015 AAPL form of Operating Agreement (“JOA”). The JOA will be supplied to those parties interested in participating. The JOA will have the following general provisions:

- Devon Energy Production Company, L.P. named as Operator
- Contract area of E2 of Sections 6 and 7-T26S-R34E, being 640 acres
- 100/400% Non-Consenting Penalty
- \$6000/\$600 Drilling and Production Rate

Please indicate your election to participate in the drilling and completion of the Well in the space provided below, within 30 days of receipt, by signing and returning one (1) copy of this letter and AFE, along with your well data requirements sheet. A Communization Agreement for said well will be supplied for your review and execution at a later date.

If your election is to participate, a cash call invoice will be sent following receipt of a timely election.

If an agreement cannot be reached within 30 days of receipt of this letter, Devon will apply to the New Mexico Oil Conversation Division for compulsory pooling of your interest into a spacing unit for the Well, if uncommitted at such time.

Well Proposal – Jayhawk 7-6 Fed Fee Com 8H
