

**BEFORE THE OIL CONSERVATION DIVISION
EXAMINER HEARING NOVEMBER 1, 2018**

CASE NO. 16465 AND 16466

*PURE GOLD MDPI 29-17 FEDERAL COM NO 2H WELL
PURE GOLD MDPI 29-17 FEDERAL COM NO 5H WELL*

EDDY COUNTY, NEW MEXICO

STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION

APPLICATIONS OF OXY USA INC.
FOR COMPULSORY POOLING,
EDDY COUNTY, NEW MEXICO.

CASE NOS. 16465 and 16466

HEARING AFFIDAVIT OF MATTHEW COLE

Matthew Cole, of lawful age and being first duly sworn, declares as follows:

1. My name is Matthew Cole and I am employed by OXY USA Inc. ("OXY") as a Land Negotiator Advisor.
2. This is my first time testifying before the New Mexico Oil Conservation Division as an expert witness in petroleum land matters.
3. I graduated from Texas A&M University with a B.A. in Economics in 2002. After graduation, I worked as an Independent Landman. My job responsibilities included researching title, negotiating Oil and Gas Leases, and drafting agreements. I was hired by OXY in 2008 as a Land Negotiator for the Permian Basin.
4. I am familiar with the applications filed by OXY in these consolidated cases and I am familiar with the status of the lands in the subject area.
5. OXY seeks orders from the Division pooling the following standard horizontal well spacing units for development of the Bone Spring formation underlying Sections 17, 20 and 29, of Township 23 South, Range 31 East, NMPM, Eddy County, New Mexico:

In Case No. 16465, an 800-acre, more or less, horizontal spacing unit comprised of the SW/4 of Section 17, the W/2 of Section 20, and the W/2 of Section 29. This spacing unit will be dedicated to three initial wells: the proposed **Pure Gold MDP1 29-17 Federal**

BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. 1
Submitted by: OXY USA, INC
Hearing Date: November 1, 2018
Case Nos. 16465 & 16466

Com No. 1H Well and **Pure Gold MDP1 29-17 Federal Com No. 2H Well**, which will both be horizontally drilled from a surface location in the SW/4 SW/4 (Unit M) of Section 29 to bottom hole location in the NW/4SW/4 (Unit L) of Section 17, and the proposed **Pure Gold MDP1 29-17 Federal Com No. 3H Well** which will be horizontally drilled from a surface location in the SE/4SW/4 (Unit N) of Section 29 to bottom hole location in the NE/4SW/4 (Unit K) of Section 17; and

In Case No. 16466, an 800-acre, more or less, horizontal spacing unit comprised of the SE/4 of Section 17, the E/2 of Section 20, and the E/2 of Section 29. This spacing unit will be dedicated to three initial wells: the proposed **Pure Gold MDP1 29-17 Federal Com No. 4H Well**, which will be horizontally drilled from a surface location in the SW/4 SE/4 (Unit N) of Section 29 to bottom hole location in the NW/4SE/4 (Unit J) of Section 17, and the **Pure Gold MDP1 29-17 Federal Com No. 5H Well** and **Pure Gold MDP1 29-17 Federal Com No. 6H Well**, which will both be horizontally drilled from a surface location in the SE/4 SE/4 (Unit P) of Section 29 to bottom hole location in the NE/4SE/4 (Unit I) of Section 17.

6. The parties that OXY seeks to pool to have been located and do not oppose these applications.

7. **OXY Exhibit No. 1A** contains draft Forms C-102 for the proposed well in each of the spacing units. OXY has been informed that these wells will be placed in the Ingle Wells Bone Spring Pool (Pool Code 33740). These draft Forms C-102 reflect that the completed intervals will remain within the standard offsets required by the Division's Rules for this pool.

8. **OXY Exhibit 1B** identifies the tracts of land comprising the proposed spacing unit for Case No. 16465 and confirms the subject acreage consists of federal lands. This exhibit further identifies the interest ownership by tract and in the spacing units. OXY seeks to pool the working interest and non-cost bearing owners highlighted in yellow on this exhibit.

9. **OXY Exhibit 1C** identifies the tracts of land comprising the proposed spacing unit for Case No. 16466 and confirms the subject acreage consists of federal lands. This exhibit further identifies the interest ownership by tract and in the spacing units. OXY seeks to pool the working interest and non-cost bearing owners highlighted in yellow on this exhibit.

10. In both cases, OXY seeks to include the proximity tracts in its standard horizontal spacing units. All interest owners have been notified of OXY's intention to include proximity tracts and none have objected.

11. In Case No. 16465, the three initial wells will be pad drilled and batch completed. The sequence of drilling is: Pure Gold MDP1 29-17 Federal Com 3H, 1H, 2H. At this time, OXY is not seeking an extension of the 120-day timeframe between drilling and completion of the initial well.

12. In Case No. 16465, the three initial wells will be pad drilled and batch completed. The sequence of drilling is: Pure Gold MDP1 29-17 Federal Com 4H, 5H, 6H. At this time, OXY is not seeking an extension of the 120-day timeframe between drilling and completion of the initial well.

13. There are no ownership depth severances underlying the subject acreage.

14. All remaining working interest owners that OXY seeks to pool are locatable. Certain overriding royalty interest owners are unlocatable, including: Ronald Higginbotham, Morris and Holly Shertz, Margaret K Hunger Trust, Meredith Ellen Zenner, Jefferson Goldman, and Gwen M. Williams Family, LLC. Notice has been published directed to each of these overriding royalty interest owners.

15. **OXY Exhibits 1D** contain the well proposal letters along with an AFE for each of the subject wells that was provided to the parties OXY seeks to pool. In addition to this letter, I have discussed OXY's well proposals with each of the pooled parties in a good faith effort to reach a voluntary agreement.

16. The costs reflected on each of the AFE's are consistent with what other operators have incurred for drilling similar horizontal wells in the area in each of these formations.

17. OXY estimates the overhead and administrative costs for drilling each well and while producing are \$7,500.00 per month while drilling and \$750.00 per month while producing. These costs are consistent with what other operators are charging in this area for similar wells.

18. I provided the law firm of Holland & Hart LLP a list of names and addresses for the owners that OXY seeks to pool and instructed that they be notified of this hearing.

19. OXY Exhibits 1A through 1C were either prepared by me or compiled under my direction and supervision.

FURTHER AFFIANT SAYETH NOT.

Matthew Cole

Re: **Six (6) Well Proposals – Pure Gold MDP1 29 17 Fed Com #1H, 2H, 3H, 4H, 5H and 6H**
S/2 Section 17, all of Sections 20 & 29, Township 23 South, Range 31 East
Eddy County, New Mexico

Ladies and Gentlemen,

OXY USA Inc. ("OXY") hereby proposes the drilling and completion of the following six wells:

- Pure Gold MDP1 29 17 Fed Com #1H (9875' TVD, 22,671' MD)
- Pure Gold MDP1 29 17 Fed Com #2H (9872' TVD, 22,658' MD)
- Pure Gold MDP1 29 17 Fed Com #3H (9866' TVD, 22,635' MD)
- Pure Gold MDP1 29 17 Fed Com #4H (9857' TVD, 22,637' MD)
- Pure Gold MDP1 29 17 Fed Com #5H (9881' TVD, 22,667' MD)
- Pure Gold MDP1 29 17 Fed Com #6H (9921' TVD, 22,713' MD)

These wells will be drilled from surface locations along the south line of Section 29 and have bottom-hole locations in the N/2 S/2 of Section 17, Township 23 South, Range 31 East, N.M.P.M., Eddy County, New Mexico. All wells will have an approximate 12,500-foot lateral drilled and completed in Bone Spring formation at the total vertical depth ("TVD") and measured depth ("MD") stated above. The surface and bottom hole locations and the first and last take points for each well are shown on the enclosed Form C-102s. OXY plans to spud the first of the wells on approximately January 15, 2019, and the others simultaneously and shortly thereafter, with all wells being spud on or before approximately February 25, 2019.

Enclosed for your review is a proposed Operating Agreement ("JOA") dated August 1, 2018, that will cover all of Sections 20 and 29 and the S/2 of Section 17 as to the Bone Spring and Wolfcamp formations. Also enclosed are six authority for expenditures ("AFE's") reflecting the detailed description of the estimated cost associated with drilling, completing and equipping each of the wells.

If you would like to participate in the proposed operations, please execute and return one copy of this letter, the enclosed AFEs, and the JOA to my attention at the address shown above. In the event you do not wish to participate, OXY would be interested discussing a transaction to acquire your interest (via trade, term assignment, purchase, etc.).

If you have any questions, or would like to discuss this proposal in more detail, please do not hesitate to call or e-mail.

Very truly yours,

OXY USA Inc.

India Isbell

**STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION**

**APPLICATIONS OF OXY USA INC.
FOR COMPULSORY POOLING,
EDDY COUNTY, NEW MEXICO.**

CASE NOS. 16465 and 16466

HEARING AFFIDAVIT OF TYLER EVANS

Tyler Evans, being of lawful age and being first duly sworn, declares as follows:

1. My name is Tyler Evans and I work for OXY USA Inc. ("OXY") as a geologist. I have previously testified before the New Mexico Oil Conservation Division as an expert witness in petroleum geology and my credentials have been accepted by the Division and made a matter of public record.

2. I am familiar with the applications filed by OXY in these consolidated cases and I have conducted a geologic study of the Bone Spring formation underlying the subject acreage.

3. OXY is targeting the Second Bone Spring interval with the proposed Pure Gold 1H-6H Wells. **OXY Exhibit 2A** contains a subsea structure map that I prepared for the Second Bone Spring Sand interval with contour lines every 20 feet. The proposed wellbore paths for the Pure Gold wells are denoted by yellow lines on each map. The Second Bone Spring Sand in this area is gently dipping to the East-Southeast and I do not observe any faulting, pinchouts, or other geologic impediments to developing this targeted interval with horizontal wells.

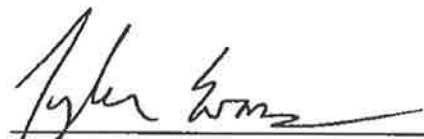

4. **OXY Exhibit 2A** also identifies the wells that I used to construct a stratigraphic cross-section map for the Second Bone Spring Sand. I chose these wells because they are representative of the geology of the area.

5. **COG Exhibit 2B** contains a stratigraphic cross section for the Second Bone Spring Sand interval using the representative wells depicted on Exhibit 2A. Each well in the cross-section contains gamma ray and deep resistivity logs. The proposed target interval in the Second Bone Spring Sand interval for the Pure Gold wells is identified with a black line. This cross-section demonstrates that the targeted interval extends across the subject acreage.

6. The south to north orientation for the proposed wells in the Second Bone Spring Sand interval will place the wells perpendicular to the known stress direction in the subject area and is appropriate to efficiently and effectively develop the targeted interval under the subject acreage.

7. My geologic study demonstrates that the Second Bone Spring Sand formation underlying the subject acreage is suitable for development with horizontal wells, that the acreage comprising the proposed horizontal spacing units will contribute more-or-less equally to the production from the wellbores, and the granting of these consolidated applications is in the best interest of conservation, the prevention of waste, and protection of correlative rights.

FURTHER AFFIANT SAYETH NOT.

Tyler Evans

BEFORE THE OIL CONSERVATION DIVISION

Santa Fe, New Mexico

Exhibit No. 4

Submitted by: OXY USA, INC

Hearing Date: November 1, 2018

Case Nos. 16465 & 16466

STATE OF NEW MEXICO ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT OIL CONSERVATION DIVISION SANTA FE, NEW MEXICO

The State of New Mexico through its Oil Conservation Division hereby gives notice pursuant to law and the Rules and Regulations of the Division of the following public hearing to be held at 8:15 A.M. on **October 18, 2018**, in the Oil Conservation Division Hearing Room at 1220 South St. Francis, Santa Fe, New Mexico, before an examiner duly appointed for the hearing. If you are an individual with a disability who is in need of a reader, amplifier, qualified sign language interpreter, or any other form of auxiliary aid or service to attend or participate in the hearing, please contact: Florene Davidson at 505-476-3458 or through the New Mexico Relay Network, 1-800-659-1779 by **October 8, 2018**. Public documents, including the agenda and minutes, can be provided in various accessible forms. Please contact Florene Davidson if a summary or other type of accessible form is needed.

STATE OF NEW MEXICO TO:
All named parties and persons
having any right, title, interest
or claim in the following case
and notice to the public.

(NOTE: All land descriptions herein refer to the New Mexico Principal Meridian whether or not so stated.)

TO: All offset owners, overriding royalty interest owners, and pooled parties, including: Devon Energy Production Company LP; EOG Resources, Inc; Finley Production Co LP; Plains Production Inc; AGS Resources 2004, LLLP Petrojarl, Inc; Suzanne Thomas, her heirs and devisees; Richard Scott Briggs, his heirs and devisees; BDT Oil & Gas LP; Metcalfe Oil, LP; Grasslands Energy, LP; The Gwen M. Williams Family, LLC; Rogers Resources LP; Jefferson B. Goldman, Jr Whose Wife is Hope H. Goldman, their heirs and devisees; Phyllis Speight, her heirs and devisees; Phyllis Speight, Trustee under the Will of Carl E. Speight; Melinda Ann Chemosky, her heirs and devisees; John Rich McConn, his heirs and devisees; Meredith Ellen Zenner, her heirs and devisees; COG Operating LLC; LaNell Joy Honeyman, her heirs and devisees; LaNell Joy Honeyman, Trustee of the Leslie Robert Honeyman Trust; Concho Oil & Gas LLC; Bank One Texas NA, Trustee of the Residuary Trust B uwo Jack M. Langdon, Deceased; Texas Capitol Bank, Trustee of the Dora Lee Langdon Article V Trust uwo Dora Lee Langdon, Deceased; Centennial, LLC; Frost National Bank, Trustee of the Lee Kendall Langdon Trust uwo Dora Lee Landgon, Deceased; Barbara Holly Langdon, her heirs and

devisees; JLD Family Partners, Ltd; Ioni Creek Resources, LP; Charles Brentwood Langdon, II, his heirs and devisees; Jacqueline Megan Langdon, her heirs and devisees; Christopher Brandon Langdon, his heirs and devisees.

Case No. 16466: Application of OXY USA Inc. for compulsory pooling, Eddy County, New Mexico. Applicant in the above-styled cause seeks an order pooling all uncommitted interest owners in the Bone Spring formation underlying a 800-acre horizontal spacing unit comprised of the SE/4 of Section 17, the E/2 of Section 20, and the E/2 of Section 29, Township 23 South, Range 31 East, NMPM, Eddy County, New Mexico. The above-referenced unit will be dedicated to the proposed **Pure Gold MDP1 29-17 Federal Com No. 5H Well**, which will be horizontally drilled from a surface location in the SE/4 SE/4 (Unit P) of Section 29 to bottom hole location in the NE/4 SE/4 (Unit I) of Section 17. The horizontal spacing unit encompasses the adjacent proximity tracts. Also to be considered will be the cost of drilling and completing the well, the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of OXY USA Inc. as operator, and a 200% charge for risk involved in drilling and completing the well. Said area is located approximately 25 miles west of southeast of Carlsbad, New Mexico.

Case No. 16465 (amended and re-

advertised): Amended application of OXY USA Inc. for compulsory pooling, Eddy County, New Mexico. Applicant in the above-styled cause seeks an order pooling all uncommitted interest owners in the Bone Spring formation underlying a 800-acre horizontal spacing unit comprised of the SW/4 of Section 17, the W/2 of Section 20, and the W/2 of Section 29, Township 23 South, Range 31 East, NMPM, Eddy County, New Mexico. The above-referenced unit, including the adjacent proximity tracts, will be dedicated to three initial horizontal wells: the proposed Pure Gold MDP1 29-17 Federal Com No. 1H Well and Pure Gold MDP1 29-17 Federal Com No. 2H Well, which will be horizontally drilled from a surface location in the SW/4 SW/4 (Unit M) of Section 29 to bottom hole location in the NW/4SW/4 (Unit L) of Section 17, and the proposed Pure Gold MDP1 29-17 Federal Com No. 3H Well, which will be horizontally drilled from a surface location in the SE/4SW/4 (Unit N) of Section 29 to bottom hole location in the NE/4SW/4 (Unit K) of Section 17. The horizontal spacing unit includes the adjacent proximity tracts. Also to be considered will be the cost of drilling and completing the well, the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of OXY USA Inc. as operator, and a 200% charge for risk involved in drilling and completing the well. Said area is located approximately 25 miles southeast of Carlsbad, New Mexico.
