

**Before the Oil Conservation Division
Examiner Hearing November 16, 2018**

Case No. 15960 (re-opened)

Sweet Tea State 24 29 31 SB 4H (Case No. 15960)

**STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION**

**APPLICATION OF MARATHON OIL PERMIAN LLC TO AMEND ORDER R-14624 TO
ADD AN ADDITIONAL WELL, EDDY COUNTY, NEW MEXICO**

CASE NO. 15960 (re-opened)

AFFIDAVIT

STATE OF TEXAS)
) ss.
COUNTY OF HARRIS)

Chase Rice, being duly sworn, deposes and states:

1. I am over the age of 18, I am the landman for Marathon Oil Permian LLC and have personal knowledge of the matters stated herein. I have been qualified by the Oil Conservation Division ("Division") as an expert petroleum landman.

2. I submit the following information pursuant to NMAC 19.15.4.12.A(1) in support of the above referenced compulsory pooling application.

3. The purpose of this application is to add an additional well to Order R-14624 that pooled the interest owners in the horizontal spacing units described below.

4. No opposition is expected because the interest owners have been contacted regarding the proposed additional wells, but have failed or refused to voluntarily commit their interests in the wells.

5. Case No. 15960 (re-opened):

a. Marathon seeks an order amending Order R-14624 to 1) add additional wells and to 2) allow for additional time to complete the wells.

b. Marathon obtained Order R-14624 in order to facilitate the drilling and completion of the Sweet Tea State, 24-29-31 TB 6H well, which is a horizontal well that will develop the Bone Spring formation underlying the W/2 W/2 of Section 6, Township 25 South, Range 29 East, and W/2 SW/4 of Section 31, Township 24 South, Range 29 East, NMPM, Eddy County, New Mexico to the proposed well to form a non-standard 240-acre oil spacing and proration unit.

c. Marathon seeks to drill the **Sweet Tea State 24 29 31 SB 4H** well within the spacing unit approved by the Division.

d. A plat outlining the unit pooled by Order R-14624 is attached hereto as **Exhibit A**, which shows the proposed well's location within the unit. The parties that were pooled, and percent of their interests are also included as part of **Exhibit A**. The parties' addresses are identified in the affidavit of notice, Exhibit 3.

e. There are no depth severances within the Bone Spring formation.

f. I have conducted a diligent search of the public records in the county where the well is located, and conducted phone directory and computer searches to locate contact information for parties entitled to notification, and mailed all parties well proposals, including an Authorization for Expenditure.

g. Marathon has made a good faith effort to obtain voluntary joinder of the working interest owners in the proposed well. A summary of my attempts to contact working interest owners is attached as **Exhibit B**.

h. Attached as **Exhibit C** is the proposed C-102 for the well. The well will develop the Bone Spring, Willow Lake; Bone Spring Pool, pool code 64450, which is an oil pool.

i. The producing interval for the well will be orthodox and will comply with the Division's set back requirements.

j. **Exhibits D and E** are a sample proposal letter and the Authorization for Expenditure for the proposed well. The estimated cost of the well set forth therein is fair and reasonable, and is comparable to the costs of other wells of similar depths and length drilled in this area of New Mexico.

6. Marathon requests overhead and administrative rates of \$7000/month for drilling a well and \$700/month for a producing well. These rates are fair, and comparable to the rates charged by other operators for wells of this type in this area of Southeastern, New Mexico. Marathon requests that these rates be adjusted periodically as provided in the COPAS Accounting Procedure.

7. Marathon requests the maximum cost plus 200% risk charge be assessed against non-consenting working interest owners.

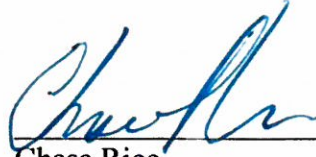

8. Marathon requests that it be the designated operator of the well.

9. Under the order, the Division requires Marathon to complete specified wells within 120 days after the wells are drilled. Due to the rising demand for completion crews in this area, Marathon requests an extension of one (1) year between the time when the well is drilled and the completion of the well.

10. The attachments to this affidavit were prepared by me, or compiled from company business records.

11. I attest that the information provided herein is correct and complete to the best of my knowledge and belief.

12. The granting of these applications is in the interests of conservation and the prevention of waste.

Chase Rice

Have not returned executed JOA documents

Summary of Attempted Contacts

- Marathon sent well proposal letters on August 1, 2018.
- Marathon then contacted parties to see if they would participate in the well and/or execute a joint operating agreement.
- Marathon conducted updated record searches and internet searches for contact information for pooled parties affected by the addition of the well.
- Marathon continued to attempt to contact the parties who had not executed an agreement.
- Marathon filed an application to amend Order R-14624.
- Marathon sent notices of the application to the addresses of record.
- Marathon also published notice in a newspaper of general circulation in the county where the well will be located.

Re: Sweet Tea State WD 2H and SB 4H Well Proposals
Section 31, T24S-R29E & Section 6, T25S-R29E
Eddy County, New Mexico

Dear Working Interest Owner:

Marathon Oil Permian LLC ("MRO"), as operator, proposes the drilling and completion of the following wells located in the SW/4 of Section 31 T24S-R29E and the W/2 of Section 6, T25S-R29E, Eddy County, New Mexico all to be drilled from the same surface pad location.

- Sweet Tea State 24 29 31 WD 2H with a proposed first take point located approximately 330' FWL and 2,310' FSL of Section 31, 24S-29E, and a proposed last take point located 330' FWL and 330' FSL of Section 6, 25S-29E. The well will have a targeted interval located in the Wolfcamp Formation (~10,517' TVD) with a productive lateral length of approximately 7,320'. The total estimated drilling and completion costs are reflected on the attached AFE document.
- Sweet Tea State 24 29 31 SB 4H with a proposed first take point located approximately 663' FWL and 2,340' FSL of Section 31, 24S-29E, and a proposed last take point located 654' FWL and 330' FSL of Section 6, 25S-29E. The well will have a targeted interval located in the Bone Spring Formation (~8,382' TVD) with a productive lateral length of approximately 7,315'. The total estimated drilling and completion costs are reflected on the attached AFE document.

These proposed locations and target depths are subject to change depending on any surface or subsurface concerns encountered. The AFEs represent an estimate of the costs that will be incurred to drill and complete the wells, but those electing to participate in the wells are responsible for their proportionate share of the actual costs incurred.

If your election is to participate in the drilling and completion of the wells, please sign and return a copy of this letter along with the enclosed AFE. A Joint Operating Agreement is currently going through final review and will be circulated to the Working Interest Owners for execution, as well as a Communization Agreement.

Should you have any questions regarding this or other matters, please don't hesitate to contact me at the above listed numbers.

Sincerely,

A handwritten signature in blue ink that reads "Chase Rice".

**STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION**

**APPLICATION OF MARATHON OIL PERMIAN LLC TO AMEND ORDER R-14624 TO
ADD AN ADDITIONAL WELL, EDDY COUNTY, NEW MEXICO**

CASE NO. 15960 (re-opened)

AFFIDAVIT

STATE OF TEXAS)
) ss.
COUNTY OF HARRIS)

Matt Baker, being duly sworn, deposes and states:

1. I am over the age of 18, I am a geologist for Marathon Oil Permian LLC and have personal knowledge of the matters stated herein. I have been qualified by the Oil Conservation Division (“Division”) as an expert petroleum geologist.

2. **Exhibit A** is a structure map of the top of the Bone Spring. The proposed project area is identified by black-dashed boxes. The proposed horizontal locations are identified by a blue line, and the proposed Bone Spring well is identified as **Sweet Tea State 24 29 31 SB 4H**.

3. Exhibit A identifies Bone Spring wells in the vicinity of the proposed well, with a line of cross-section running from A to A’.

4. Exhibit A shows that the structure dips down to the East.

5. **Exhibit B** is a Second Bone Spring cross section. It is a stratigraphic cross-section hung on the base of the Second Bone Spring Sand. The well logs on the cross-section give a representative sample of the Second Bone Spring Sand formation in the area. The target zone for the **Sweet Tea State 24 29 31 SB 4H** well is the Second Bone Spring Sand, as identified by the

words "Producing Zone" and the shaded area across the cross section. That zone is relatively continuous across the well unit.

6. **Exhibit C** is a Gross Interval Isochore of the Second Bone Spring. The Second Bone Spring is relatively uniform across the proposed well unit.

7. I conclude from the maps that:

- a. The horizontal spacing unit is justified from a geologic standpoint.
- b. There are no structural impediments of faulting that will interfere with horizontal development.
- c. Each quarter quarter section in the unit will contribute more or less equally to production.

8. The preferred well orientation in this area is north-south. This is because the maximum horizontal stress orientation is roughly east-west.

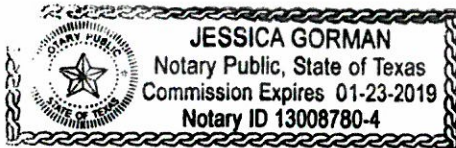

9. The granting of this application is in the interests of conservation and the prevention of waste.

COLE, BURLINGTON RESOURCES OIL & GAS COMPANY LP, PRIMERO OPERATING INC. of Marathon Oil Permian LLC's application to amend Orders R-14623 and R-14624. The State of New Mexico, through its Oil Conservation Division, hereby gives notice that the Division will conduct a public hearing at 8:15 a.m. on November 15, 2018. Applicant seeks order from the Division (1) amending Order R-14623 to add an additional well; and (2) amending Order R-14623 to allow for additional time to complete wells. Marathon obtained Order R-14623 in order to facilitate the drilling and completion of the Sweet Tea State 24-29-31 WA No. 5H and the Sweet Tea 24-29-31 WXY Well No. 3H wells, which are horizontal wells that will develop the Wolfcamp formation underlying the W/2 of Section 6, Township 25 South, Range 29 East, and SW/4 of Section 31, Township 24 South, Range 29 East, NMPM, Eddy County, New Mexico. Marathon seeks to amend the order to allow for the drilling of the Sweet Tea 24 29 31 WD 2H well within the spacing unit. Marathon also seeks amendment to the order to allow for a one year period between when the well(s) are drilled under that order and required to be completed. Said areas are located approximately 5 miles southeast of Malaga, New Mexico.

 Permian LLC's application to amend Orders R-
 14623 and R-14624. The State of New Mexico,
 through its Oil Conservation Division, hereby
 gives notice that the Division will conduct a
 public hearing at 8:15 a.m. on November 15,
 2018. Applicant seeks an order (1) amending
 Order R-14624 to add an additional well; and
 (2) amending Order R-14624 to allow for addi-
 tional time to complete wells. Marathon ob-
 tained Order R-14623 in order to facilitate the
 drilling and completion of the **Sweet Tea State
 24-29-31 TB 6H** well, which is a horizontal well
 that will develop the Bone Spring formation un-
 derlying the W/2 W/2 of Section 6, Township
 25 South, Range 29 East, and W/2 SW/4 of
 Section 31, Township 24 South, Range 29 East,
 NMMPM, Eddy County, New Mexico. Marathon
 seeks to amend the order to allow for the drill-
 ing of the **Sweet Tea 24 29 31 SB 4H** well with-
 in the spacing unit approved by the Division,
 which will be horizontally drilled. Marathon al-
 so seeks amendment to the order to allow for a
 one year period between when the well(s) are
 drilled under that order and required to be
 completed. Said areas are located approxi-
 mately 5 miles southeast of Malaga, New Mexi-
 co.
