Scott,  
Would you edoc this email into the case files?  
You may need to ask Florene/Kathleen for the hard copy case files, so you can circulate the file along with the new Drafts.

**Subject:** [EXT] Cases 16394 abd 16395: Amended Applications for Ameredev Pine Straw wells

Gentlemen: We recently received the attached pooling orders issued on February 11th in Cases 16394 and 16395. Please note that on February 7th, Ameredev presented additional evidence in these cases under Amended Applications seeking to incorporate proximity tracts into the standard spacing units. We therefore assume that at some point amendments to these pooling orders will be issued to reflect the larger spacing units for the Bone Spring and Wolfcamp wells.

Thank you for your attention to these matters.
