STATEMENT OF THE CASE

Solaris proposes to drill Roadrunner SWD #1, located 830 feet from the North line and 200 feet from the east line of Section 33, Township 25 South, Range 27 East, NMPM, Eddy County, New Mexico. Solaris seeks authority to inject salt water into the Devonian and Silurian-Fusselman formations at a depth of 13,305 to 14,325 feet.

Chevron opposes Solaris' application to protect its correlative rights and to present evidence and argument demonstrating that the granting of this application is not in the interests of conservation or the prevention of waste.
