EXHIBITS OFFERED AND ADMITTED

(No exhibits.)

1 (8:41 a.m.)

2 EXAMINER GOETZE: Okay. Back on the  
3 schedule, Case Number 16504, application of NGL Water  
4 Solutions Permian, LLC to approve a saltwater disposal  
5 in Lea County, New Mexico.

6 Call for appearances.

7 MS. BENNETT: Good morning. My name is  
8 Deana Bennett, and I am with the Modrall, Sperling firm,  
9 and I'm here on behalf of NGL Water Solutions Permian,  
10 LLC.

11 EXAMINER GOETZE: So with regard to  
12 continuance and to fill in gaps?

13 MS. BENNETT: Actually, this case was  
14 continued for two reasons, the first reason being that  
15 when we arrived at the hearing the day that it was set,  
16 we were told that this case not going to be heard, even  
17 though I had witnesses here and I was prepared to go.  
18 And there was a decision made to allow us to go forward  
19 with this case, but it was continued by Mr. Brooks to  
20 try to figure out who -- or why the case was designated  
21 as continued when none of the parties had asked for it  
22 to be continued. So I am assuming, perhaps incorrectly,  
23 that given the lapse of time, we can overcome that  
24 hurdle, because this case has been continued now, I  
25 think, for 30 or 45 days to try to figure that out on

1 OCD's side.

2                   So assuming that that's not a hurdle, the  
3 other reason it was -- or during that time of the  
4 continuance, BC&D was protesting this well, and BC&D  
5 agreed to provide additional information to the Division  
6 in some information requests that were made during that  
7 hearing. And subsequent to the hearing or after the  
8 hearing, BC&D withdrew its protest and emailed that to  
9 the Division. And I have copies of that email if anyone  
10 would like to see it. But BC&D has formally withdrawn  
11 its protest, and Mr. Larson is here today if you need  
12 any confirmation of that.

13                   And so at this point, in my mind, Cobra --  
14 I'm sorry. Not Cobra -- oh, yeah. Cobra 1 is complete,  
15 and I would ask that at this time it be taken under  
16 advisement, as I don't see any outstanding notice  
17 issues, and BC&D's protest has been resolved.

18                   EXAMINER GOETZE: Very good. With that, we  
19 will go ahead -- and, of course, everything has been  
20 processed according to the amended location; is that  
21 correct?

22                   MS. BENNETT: Yes.

23                   EXAMINER GOETZE: Okay.

24                   MS. BENNETT: Thank you.

25                   EXAMINER JONES: With that, Case Number

1 16504, application of NGL Water Solutions Permian, LLC  
2 to approve a saltwater disposal well, Lea County, New  
3 Mexico is taken under advisement.

4 MS. BENNETT: Thank you.
