The Orders were all issued on January 21, 2020, and require Marathon to commence drilling on or before January 31, 2021. Order R-21022; Order R-21023; and Order R-21026, p. 3, ¶ 4. Marathon requests an additional one-year period in which to commence drilling the wells, the extended period to expire January 31, 2022.

The Orders state that Marathon may request a written extension of time from the Division Director “pursuant to a written request stating its reasons for such extension and attaching satisfactory evidence.” See Order R-21022; Order R-21023; and Order R-21026, p. 3, ¶ 5.

The Orders also state that Marathon “shall provide a copy of any request for extension of time to drill or complete any well filed with the Director pursuant to this order to each pooled working interest owner who has elected to participate in the drilling of any well that is the subject of the request.” See Order R-21022; Order R-21023; and Order R-21026, p. 3, ¶ 7. Marathon has reviewed its records and there are no pooled working interest owners who have elected to participate in the drilling of the wells subject to these Orders and therefore no notice is required under the terms of the Orders.

Sincerely,

Deana M. Bennett
