COG Operating LLC (COG), was the applicant in this matter before the Oil Conservation Division (OCD) Hearing Examiners. COG files this Motion to Limit Testimony and Argument requesting the Oil Conservation Commission (Commission) to strike all references made by ConocoPhillips Company (ConocoPhillips) regarding its proposal for a buffer zone in this case and to prevent any testimony or argument at the upcoming hearing regarding its proposed buffer zone. COG adopts in this case the Motion it filed in the companion case, the Application of Marbob Energy Corporation (Now COG Operating LLC) for Vertical Expansion of the Burch-Kelly Unit, Case No. 14558, Order No. R-7900-C, De Novo, in order to avoid duplication.
