Gentlemen

According to my notes the referenced case was continued to the May 26 docket. As stated in your email that I received yesterday, and Florine received this morning, it seems your letter of April 26 limiting your agreement to the proposed continuance was not received prior to the hearing on April 28.

I do not recall exactly what happened at the hearing. However, the hearing transcript will reflect that. The case stands continued until May 26 unless the transcript reflects that what was announced at the hearing was different from what is noted in the file.

Thanks
