Re: compulsory pooling hearing for Lance Oil & Gas for NEW/4 of section  
17,29N,R114W to be dedicated to its WF FRPC"17" Well No. 2

To Whom It May Concern:

I have been notified by Kellahin & Kellahin, attorneys for Lance Oil & Gas, of a hearing on the New Mexico Oil Conservation Division Examiner's docket scheduled for March 3, 2005 for the State of New Mexico to sanction Lance Oil & Gas, a private company, to obtain the mineral rights I own at 3 CR 6285 Kirtland, New Mexico. Kellahin & Kellahin did not insert a case number into the document.

I would like to request a continuance until at least April 14<sup>th</sup> so I can arrange my work schedule to appear in the case, since I am representing myself without an attorney. In addition, let this letter serve as notice that I desire to appear at the hearing.

If you have any questions, please contact me at (505) 598-9441.
