## **B) The Basin-Mancos Pool**

6. By Order No. R-12984, dated September 23, 2008, the Division adopted operating rules for the Basin-Mancos Gas Pool, but denied designation of pre-approved downhole commingling of production. *See* NMOCD Case 14133.

7. The Basin-Mancos Gas Pool is defined as:

- a) Vertical limits are from the base of the Point Lookout formation, the lowest subdivision of the Mesaverde, to the base of the Greenhorn member of the Mancos formation, and

- b) Horizontal boundaries are all of the San Juan and Rio Arriba Counties and all of Section 21, Township 23 North Range 5 West in Sandoval County, NM [not included in the existing Gallup Pools].

8. Special Rule 2(A) for the Mancos-Basin Gas Pool provides that standard gas spacing units shall consist of 320 acres, more or less. Special Rule 2(B)(1) allows up to four wells to be drilled in a standard spacing unit providing that:

- a) No more than two wells shall be located within any governmental quarter section in a standard or non-standard spacing unit;
- b) No more than one well shall be located within any governmental quarter-quarter section.
- c) Any deviation from the above-described well density requirements shall be authorized only after notice to all affected persons, as defined in Rule 1210.A(2)(a), in all units or prospective units adjoining the spacing unit for which the deviation is sought, and opportunity for a hearing if requested by any party within twenty days of the date notice is sent to such party.

### **C) Relief Requested**

9. XTO seeks to contract the following lands from the Angels Peak-Gallup Associated Pool:

Township 27 North, Range 10 West

Section 19: All  
Section 20: All  
Section 21: All  
Section 22: All

10. XTO also requests that the Basin-Mancos Pool be extended to include the lands contracted out of the Angels Peak-Gallup Associated Pool.

#### **D) Basis for Relief Requested**

11. XTO has a working interest and is the designated operator in all of the oil and gas wells in the Angels Peak-Gallup Associated Pool in the following lands:

##### Township 27 North, Range 10 West

Section 19: E/2

Section 20: All

Section 21: All

Section 22: All

12. Burlington Resources Oil & Gas Company, LP (“Burlington”) has a working interest and is the operator of all oil and gas wells in the Angels Peak-Gallup Associated Pool located in Township 27 North, Range 10 West, Section 19: W/2. Undersigned counsel has conferred with Burlington regarding this Application and Burlington has indicated that it has no objection to the relief requested in this application.

13. As stated in Order R-12984, the Mancos formation has often been incorrectly called the Gallup Formation. Order R-12984 at Finding 3(b).

14. The existing Angels Peak-Gallup oil and gas wells will not be adversely affected by the proposed contraction of the Angels Peak-Gallup Associated Pool and the inclusion of the contracted lands in the Basin-Mancos Gas Pool.

15. Granting XTO the relief it is seeking will allow the acreage to be developed under the Basin-Mancos Gas Pool Special Rules and Regulations.

16. Approval of this application will protect correlative rights and prevent waste.

#### **E) Notice per Rule 19.15.4.12.A(4)(b) NMAC**

17. The existing oil and gas wells in the Angels Peak-Gallup Associated Pool are listed in Exhibit A attached hereto.

18. There are currently four operators that operate wells within the Angels Peak-Gallup Associated Pool. These operators are: Burlington Resources Oil & Gas Company LP; Energen Resources Corporation; Dugan Production Corp; and XTO Energy, Inc. In accordance with the Division’s notice requirements, a copy of this application has been sent to the operators in the Angels Peak-Gallup Associated Pool. *See* Exhibit B.

19. All wells completed in the Gallup formation within 1 mile of the outer boundary of this Pool are located in the Basin-Mancos Pool. Thus, pursuant to the Rule 19.15.4.12.A(4)(b), no notice is required to be sent to operators of such wells because they are located in a designated pool.

20. Notice is being sent to all the interest owners in Sections 19 – 22 in Township 27 North, Range 10 West, N.M.P.M., San Juan County, which comprises all of the acreage in the Angels Peak-Gallup Associated Pool that XTO proposes to be contracted out of the Angels Peak-Gallup Associated Pool and included in the Basin-Mancos Pool. These owners are listed in Exhibit C. This notice informs the interest owners of this case and of the Applicant's request for a hearing of this matter before the Division on the Examiner's docket now scheduled for July 21, 2011.

WHEREFORE, premises submitted, XTO Energy, Inc., as applicant, requests that this application be set for hearing on July 21, 2011 before the Division's duly appointed examiner, and that after notice and hearing, as required by law, the Division enter its order approving this application.

Dated this 18<sup>th</sup> day of May, 2011.
