Gentlemen:

Mewbourne Oil Company (Mewbourne) as Operator hereby proposes to drill the captioned well at the referenced surface location (SL) to the referenced bottom hole location (BHL). The proposed well will be drilled to a true vertical depth (TVD) of approximately 2,705 feet subsurface to evaluate the Yeso formation for oil production. The proposed well will have a horizontal measured depth (MD) of approximately 7,545 feet. The E/2W/2 of the captioned Section 5 will be dedicated to the well as the oil proration unit.

Regarding the above, enclosed for your further handling is our AFE dated June 2, 2012 for the captioned well. In the event you elect to participate in the captioned proposed well, please sign the enclosed AFE and return to me within thirty (30) days.

Should you have any questions regarding the above, please email me at [cmitchell@mewbourne.com](mailto:cmitchell@mewbourne.com) or call me at (432) 682-3715.

Subject West Draw Prospect

Doug,

Mewbourne is working on putting a deal together in Section 5, T20S, R25E, Eddy County, New Mexico and by Title Opinion dated 10-9-2009 covering the N/2 of Section 5 as to depths from the surface to 4500 feet beneath the surface, Unicon Producing Company is credited as owning 3.07617% WI in the SW/4NW/4 and 1.53809% WI in the SW/4NE/4 of the previously described Section 5.

From what I can tell, it appears EOG claimed the Unicon interest in the deep well drilled in the N/2 of the said Section 5, being the Tombstone 5 Fee Com. #2 Well. When you get a chance, can you look through you file and see if EOG also claims the interest of Unicon as to the shallow depths for the above described tracts? Thanks for your time and help. Let me know if you have any questions. Have a good day.

Pat,

Mewbourne has proposed the drilling of our West Draw "5" NC No. 1H Well, which consist of the E/2W/2 proration unit in Section 5, T20S, R25E, Eddy County, New Mexico. Unicon Producing Company is credited as owning 12.30469% interest in the S/2SE/4NW/4, which is 1.537029% interest in the E/2W/2 proration unit. I believe EOG now owns this interest, but I am not certain of this.

From what I can tell, it appears Paul Haden engaged in talks with you about this interest back in 2004 regarding our proposed Morrow well. It appears your title wasn't clear and you were not certain EOG claimed the Unicon interest. I believe you informed us to pool the interest due to unclear title and the interest being small.

On February 18, 2010, I talked with Doug Hurlbut one more time about the Unicon interest and he informed me that EOG does not claim the interest.

When you get time, can you double check your files and make sure EOG does not claim this interest? If this is still the opinion of EOG, would EOG be willing to sign a quit claim assignment to Mewbourne regarding the Unicon interest?

Let me know if you have any questions. Thanks for your time and help Pat. Have a great day.

Re: Offer to Purchase Term Assignment  
S/2SE/4NW/4 of Section 5, T20S, R25E;  
Eddy County, New Mexico

Ms. Ingram:

Pursuant to our conversation, Mewbourne Oil Company (Mewbourne) is interested in acquiring a Term Assignment covering your interest in the S/2SE/4NW/4 of the captioned Section 5, as to depths from the surface to 4,500' beneath the surface. Based upon our most current title information, you appear to own 0.52083% working interest (0.104166 net acres) in the S/2SE/4NW/4 of the captioned Section 5.

The Term Assignment would exclude the wellbore and production therefrom of the existing Tombstone 5 Fee Com No. 2 located 1650' FNL & 1450' FWL of Section 5.

Regarding the above, Mewbourne hereby offers to purchase a two (2) year Term Assignment covering all of your interest in the above described land, as to depths from the surface to 4,500' beneath the surface for \$20.00 based upon delivery of a 75% net revenue interest to Mewbourne.

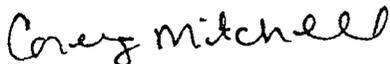

I know the \$20.00 is not much, but the above interest is very small and hard to place a value on.

The above offer is subject to your immediate acceptance and Mewbourne's approval of title and assignment form. If acceptable, please execute the Term Assignment in the presence of a notary public and return to me within 30 days from the date of this letter. Upon receipt of your executed Term Assignment, I will forward you our check for \$20.00.

Should you have any questions regarding the above, please email me at [cmitchell@mewbourne.com](mailto:cmitchell@mewbourne.com) or call me at (432) 682-3715.

Dear Ms. Henry:

Pursuant to our conversation, you stated you are interested in selling your 0.02029% interest in the S/2SE/4NW/4 of the above captioned Section 5 to Mewbourne Oil Company (Mewbourne) instead of participating in the well.

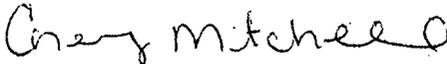

Regarding the above, enclosed is an Assignment and Bill of Sale for your execution. Please sign in the presence of a Notary Public and return same in the enclosed postage paid envelope provided for your convenience. Once I receive the Assignment, I will mail you our check in the amount of \$10.00, which represents the payment for your undivided leasehold interest covering the above captioned lands.

Also, please send me a copy of the probate proceedings for your late husband, James S. Henry and a copy of the Marion Henry Trust to verify the interest being in the trust.

Should you have any questions regarding the above, please email me at [cmitchell@mewbourne.com](mailto:cmitchell@mewbourne.com) or call me at (432) 682-3715.

Mr. Christianson,

Pursuant to our conversation, your interest in the S/2SE/4NW/4 of Section 5, T20S, R25E, Eddy County, New Mexico is 0.00902%. This is a very small percentage and is hard to assign a value. Basically we are looking at the following options:

1. Participate in the well.
2. Assign you interest to Mewbourne Oil Company.
3. Have your interest force pooled.

If you choose to assign your interest to Mewbourne, let me know and I will forward you and Assignment for execution. We have been paying other parties in this tract \$10.00 for an assignment. I know the amount isn't much, but the interests are so cut up they don't amount to much. We are willing to offer the same amount to you.

If you choose to have your interest pooled, you do not need to do anything. We will have a hearing with the New Mexico Oil Conservation Division and they will basically grant us your interest and the right to drill the well. This only applies to the specific well proposed. You would come back in the well for your full interest once the well pays out 3 times.

I hope this helps. Let me know which option you think works best for you and/or if you have any questions. Thanks. Have a great day.

Dear Mr. and Mrs. Kiene:

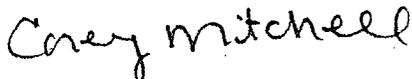

Mewbourne Oil Company (Mewbourne) as Operator hereby proposes to drill the captioned well at the referenced surface location (SL) to the referenced bottom hole location (BHL). The proposed well will be drilled to a true vertical depth (TVD) of approximately 2,705 feet subsurface to evaluate the Yeso formation for oil production. The proposed well will have a horizontal measured depth (MD) of approximately 7,545 feet. The E/2W/2 of the captioned Section 5 will be dedicated to the well as the oil proration unit.

Regarding the above, enclosed for your further handling is our AFE dated June 2, 2012 for the captioned well. In the event you elect to participate in the captioned proposed well, please sign the enclosed AFE and return to me within thirty (30) days.

Should you have any questions regarding the above, please email me at [cmitchell@mewbourne.com](mailto:cmitchell@mewbourne.com) or call me at (432) 682-3715.

Sincerely,

MEWBOURNE OIL COMPANY
