**APPLICATION OF THE NEW MEXICO OIL CONSERVATION DIVISION,
THROUGH THE SUPERVISOR OF DISTRICT I, FOR AN ORDER REQUIRING
SHANLEY OIL COMPANY TO PROPERLY PLUG ONE (1) WELL IN
ROOSEVELT COUNTY, NEW MEXICO, AUTHORIZING THE DIVISION TO
PLUG SAID WELL AND ORDERING A FORFEITURE OF APPLICABLE
PLUGGING BOND.**

02 SEP 10 09:14:19
OIL CONSERVATION DIV.

CASE NO. 12944

APPLICATION FOR PLUGGING AND FORFEITURE OF BOND

1. Shanley Oil Company ("Operator") is the operator of the following well located in Roosevelt County, New Mexico:

Harris 14 Well No. 1, located 660 feet from the North line and 1980 feet from the East line (Unit B) of Section 14, Township 6 South, Range 33 East, Roosevelt County, New Mexico (API No. 30-041-20342).

2. Operator has posted a single-well surety bond in the amount of \$7,500 for said well in compliance with NMSA 1978, Sec. 70-2-14 and O.C.D. Rule 101, which bond is conditioned upon compliance with the statutes of the State of New Mexico and the Rules of the Oil Conservation Division ("Division") with respect to the proper plugging and abandonment of the said well. Northwestern National Insurance Company is the surety on said bond, which is numbered LSC0464743.

3. The Harris 14 Well No. 1 has not produced any hydrocarbon or carbon dioxide substance for more than eighteen years and is no longer usable for beneficial

purposes. No permit for temporary abandonment of the said well has been requested by the Operator or approved by the Division.

4. By virtue of Operator's failure to use the well for production or other beneficial purposes or to secure a current temporary abandonment permit, the well is presumed abandoned, and is required to be plugged.

5. Division Rule 201.B, issued pursuant to the authority of NMSA 1978, Secs. 70-2-12 and 70-2-14, requires that wells that are inactive for more than one year or are no longer usable for beneficial purposes be properly plugged.

6. Division Rule 101.M, issued pursuant to the same authority, authorizes the Division, after notice and hearing, to order the operator to plug and abandon any well or wells not in compliance with Rule 201, and to direct the Division to cause such well or wells to be plugged in accordance with a Division approved plugging program if, after the time provided in such order, the operator and its surety, if any, have failed to do so.

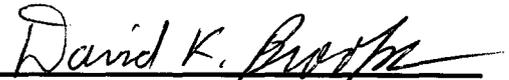

WHEREFORE, the Supervisor of District I of the Division hereby applies to the Director to enter an order:

- A. Determining whether the subject well should be plugged and abandoned.
- B. Upon a determination that the well should be plugged, directing the Operator to plug the well without delay, in accordance with a division-approved plugging program, and to cause the site thereof to be remediated in accordance with Division Rule 202.B(3).
- C. Further ordering that if the Operator or its surety, if any, fails to plug and abandon the well as ordered by the Director, the Division be authorized:

(i) to plug the subject well in accordance with a division-approved plugging program and to cause the site to be remediated; (ii) to declare forfeit the bond furnished by the Operator to the extent necessary to fully reimburse the Division for its expenses incurred in accomplishing the foregoing; and (iii) to take necessary and appropriate measures to recover from the Operator any costs of plugging the subject well and of site remediation in excess of the amount of the bond, if any.

D. For such other and further relief as the Division deems just and proper under the circumstances.

RESPECTFULLY SUBMITTED,

David K. Brooks
David K. Brooks
Assistant General Counsel
Energy, Minerals and Natural
Resources Department of the State of
New Mexico
