That is correct Jim. This is a thin zone. Let me know if I need to talk with Richard.

I talked to the hearing examiners, and they were concerned that the unitized interval was so small ("thin" -- about 14 feet). I told them that David had testified that the productive interval in this pool was only about 20 feet, so what we requested was accurate. I think they are satisfied, but please confirm for me. Attached is the Unit Agreement with the definition.

I think we'll get the order tomorrow. But, I need an answer ASAP.

Jim

David,

Attached is the E-mail I recieved from David Parkhurst this morning confirming the thin pay section within the Queen formation.

If you need anything else, please contact Jim Bruce. I will be driving to Silver City today.

Thanks,

David Catanach
