Division Order R-6139 also established Special Rules and Regulations for the South Culebra Bluff-Bone Spring Pool, providing for 80 acre spacing, wells to be located within 150 feet of the center of a quarter-quarter section or lot, and a depth bracket allowable of 222 barrels of oil per day. Applicant requests that the Special Rules and Regulations for the South Culebra Bluff-Bone Spring Pool be abolished, so that the pool will be governed by the Division's statewide rules, with the exception that existing 80 acre well units be grandfathered in. The South Culebra Bluff-Bone Spring Pool is centered approximately 3 miles northeast of Loving, New Mexico.
