THE PURPOSE OF CONSIDERING:**

**APPLICATION OF MEWBOURNE OIL COMPANY
FOR A NON-STANDARD OIL SPACING AND
PRORATION UNIT AND COMPULSORY POOLING,
EDDY COUNTY, NEW MEXICO.**

Case No. 15,042

VERIFIED STATEMENT OF COREY MITCHELL

Corey Mitchell, being duly sworn upon his oath, deposes and states:

1. I am a landman for Mewbourne Oil Company, and have personal knowledge of the matters stated herein.

2. Pursuant to NMAC 19.15.4.12.A(1), the following information is submitted in support of the compulsory pooling application filed herein:

(a) The purpose of this application is to force pool record title owners in a federal lease for purposes of obtaining Bureau of Land Management ("BLM") approval of a communitization agreement.

(b) No opposition is expected because the record title owners being pooled have been contacted regarding the proposed well, but refuse to sign the communitization agreement.

(c) A plat outlining the unit being pooled is attached hereto as Attachment A. Mewbourne Oil Company seeks an order approving a 160-acre non-standard oil spacing and proration unit (project area) in the Yeso formation comprised of the N/2S/2 of Section 7, Township 18 South, Range 27 East, NMPM. Applicant further seeks the pooling of all mineral interests in the Yeso formation underlying the non-standard spacing and proration unit (project area) for all pools or formations developed on 40 acre spacing within that vertical extent. The unit is to be dedicated to the Peterson 7 IL Fed. Com. Well No. 1, a horizontal well with a surface location 1795 feet from the south line and 150 feet from the west line of adjoining Section 8, and a terminus 1795 feet from the south line and 330 feet from the west line of Section 7.

(d) The parties being pooled and their record title interests in the NE/4SE/4 of Section 7, being a portion of the well unit, are as follows:

This address is current and correct. A copy of the BLM's Serial Register Page for Lease NM 91069, which covers the NE/4SE/4 of Section 7, is attached hereto as Attachment B.

(e) A copy of the proposal letter sent to the record title owners is attached hereto as Attachment C. In addition, I spoke with George Banitch of PMC 1990-WI Acquisition Limited Partnership (and others), one of the record title owners. He stated that the owners listed in paragraph (d) above had sold their interests, and would not agree to sign the communitization agreement. No instrument regarding the alleged sale is filed with the BLM.

(f) Mewbourne has made a good faith effort to obtain the voluntary joinder of the interest owners in the communitization agreement for the proposed well.

(g) Because the pooled parties own only record title, a risk charge is not requested.

(h) Because the pooled parties own only record title, overhead charges are not requested.

(i) The offset operators or working interest owners are listed on Attachment D.

(j) Applicant requests that it be designated operator of the well.
